

Tonj South County, Warrap State

Data collected on: 20 April 2020

IOM's Displacement Tracking Matrix (DTM) conducted Emergency Event Tracking through interviews with key informants to obtain information on recent displacements within Tonj South County. According to the key informants, a total of 12,547 individuals (3,088 households) were displaced between January and March 2020. Slightly more than half of all IDPs were displaced due to inter-communal clashes sparked by land disputes between Thony and Muok communities in Tonj South¹. Displacement of the remaining 6,149 IDPs (1,332 households) was caused by disputes over grazing land between Dinka cattle keepers in Tonj South and Luo farmers in Jur River County that led to communal clashes.

IOM DTM employs Event Tracking as a more rapid and localized assessment tool complementing overall efforts to report on IDP and returnee figures nationally. IOM teams access IDP / returnee locations and consult local key informants including community representatives, local authorities or humanitarian partners and triangulate findings to provide partners with the most accurate as possible, actionable and current data.
