

The DTM Emergency Event Tracking (EET) is deployed to track sudden displacement and population movements, provide more frequent updates on the scale of displacement and quantify the affected population when needed. As a subcomponent of the new Mobility Tracking methodology in Sudan ([Round Zero](#)), and activated on a need basis, EET utilises a broad network of key informants to capture best estimates of the affected population presence per location – a useful tool for humanitarian response planning and design.

Event Overview

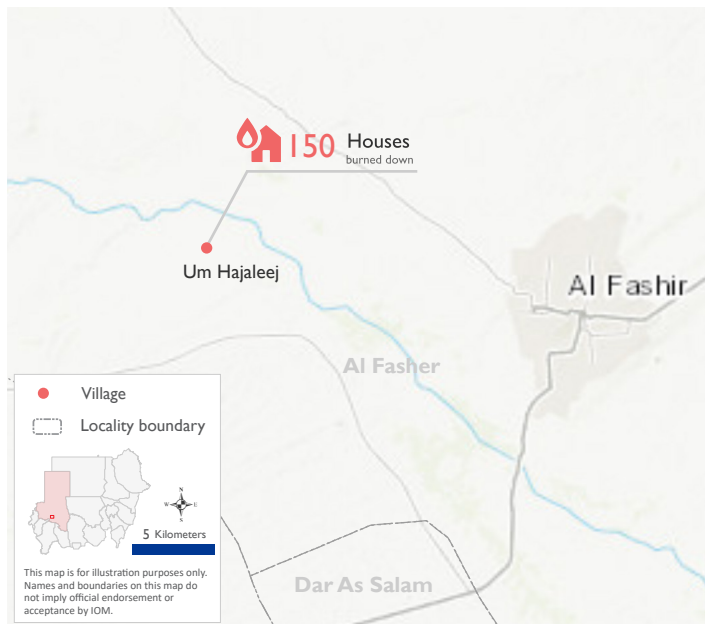

750 Affected individuals

150 Houses burned

DTM teams activated EET to monitor the population affected by a fire that broke out in Um Hajaleej village near El Fasher, North Darfur on 25 April 2020. This EET update estimates that a total number of 150 houses were burned down out of 600 in Um Hajaleej village, affecting 750 individuals who are currently situated in open area gathering points. The cause of the fire is unknown and resulted in eight injuries and one death. All 750 affected individuals reported a substantial loss of personal and household items as well as livestock.

Needs

Data collected on priority needs indicated emergency shelter as the first priority, followed by non-food items (NFIs), food, water, sanitation and hygiene (WASH) and health (medical needs).

1st Priority

Emergency shelter

Non-food items

Food

Water, Sanitation and Hygiene (WASH)

Health (medical needs)

Shelter Indicator

750 Affected individuals

100%

All affected individuals are in gathering sites (informal settlements or open areas) in Um Hajaleej village.

Demographics

Vulnerabilities

Return Intention

Data collected through the return intention indicator suggests that 100% of the affected population intend to remain in the same place until their destroyed homes are reconstructed.

IOM DISCLAIMER

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM). The designations employed and the presentation of material throughout the report do not imply the expression of any opinion whatsoever on the part of IOM concerning the legal status of any country, territory, city or area, or of its authorities, or concerning its frontiers or boundaries.

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to: assist in the meeting of operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and uphold the human dignity and well-being of migrants.
