IDPs and Returnees were covered by DTM Round 32

IOM manages the Displacement Tracking Matrix (DTM) in Nigeria and other countries around the world, to support humanitarian communities with data on displacement and mobility. This information management product determines the status, locations, and needs of people affected by the ongoing conflict in Northeast Nigeria. As of 16 June 2020, the DTM has identified 2,088,124 IDPs (429,442 households) across Adamawa, Bauchi, Borno, Gombe, Taraba and Yobe States. This represents an increase of 2 per cent (41,520 persons) over DTM Round 31, while the number of returns from neighbouring regions into situations of secondary displacement increased by 2 per cent (31,705 persons) from previous DTM round.
