The crisis in Nigeria's North Central and North West zones, which involves long-standing tensions between ethnic and linguistic groups; attacks by criminal groups; and banditry/hirabah (such as kidnapping and grand larceny along major highways) led to fresh wave of population displacement.

Latest attacks affected 1,374 individuals, including 18 injuries and 17 fatalities, in Safana LGA of Katsina State and Chikun, Kajuru, Zangon Kataf LGAs of Kaduna State between the 20 - 26 July, 2020. The attacks caused people to flee to neighboring localities.

A rapid assessment was conducted by field staff to assess the impact on people and immediate needs.
