

### SUMMARY

With the onset of the rainy season in Nigeria's conflict-affected northeastern State of Borno, varying degrees of damages are expected to infrastructures (self-made and constructed) in camps and camp-like settings. This is so because the rains are more often than not accompanied by very high winds and have been known to cause serious damage to properties.

On 03 August 2020, IOM's DTM program carried out an assessment to ascertain the level of damage sustained in camps and camp-like settings due to heavy windstorm and rainfall on the 2nd of August 2020. Overall, 9 camps were affected in Bama, Jere, Maiduguri and Konduga LGAs. The worst-hit of the camps assessed was the Faria Gidan Block camp in Jere LGA where a heavy rainfall left 115 makeshift shelters damaged and an estimated 345 individuals without shelter due to flooding.

Other affected camps are: GSSS Camp Bama in Bama LGA, Borgoza Camp in Maiduguri Metropolitan Council, Federal Training Center Camp (Dalori I) Camp, 400 Housing Estate (Gubio Camp) in Konduga LGA and Madinatu Camp, Al-Yakub Camp, El-miskin Center, Fulatari Camp in Jere LGA.

The maps in this report are for illustration purposes only. The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM

There is a major need of sand bags, shelter, shelter repair kits, construction and sanitation materials as a preparedness measure in all camps, provision of basic NFI as well as reconstruction of damaged toilets and shower areas. No casualty was reported.

Pictures taken at the site showing damaged shelters and flooded areas.

## Damages at IDP Sites 02 August 2020

LGA	SITE ID	SITE NAME	CAUSE OF INCIDENT	NUMBER OF AFFECTED HOUSEHOLD	NUMBER OF AFFECTED INDIVIDUALS	NUMBER OF DAMAGED SHELTERS	NUMBER OF DAMAGED TOILETS
