

The DTM Emergency Event Tracking (EET) is deployed to track sudden displacement and population movements, provide more frequent updates on the scale of displacement and quantify the affected population when needed. As a subcomponent of the new Mobility Tracking methodology in Sudan ([Round one](#)), and activated on a need basis, EET utilises a broad network of key informants to capture best estimates of the affected population presence per location – a useful tool for humanitarian response planning and design.

Event Overview

DTM teams activated EET to monitor the displacement of individuals affected by the recent violent clashes occurring between Massyira and Hamar tribes in West Kordofan in June - July 2020. The first EET update estimates a total of 4,429 individuals (808 households) situated across seven sites of displacement in Al Idia locality, having arrived from three locations of origin in Al Idia and Babanusa locality. At present, majority of displaced households (52%) are gathering in open areas, whilst 47 per cent are seeking shelter and refuge with host communities. At least 359 individuals (8%) report additional vulnerabilities in need of assistance and support.

IOM DISCLAIMER

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM). The designations employed and the presentation of material throughout the report do not imply the expression of any opinion whatsoever on the part of IOM concerning the legal status of any country, territory, city or area, or of its authorities, or concerning its frontiers or boundaries.

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to: assist in the meeting of operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and uphold the human dignity and well-being of migrants.
