

## Bor South County, Jonglei State

On 8 July 2020, IOM's Displacement Tracking Matrix conducted Event Tracking through direct field visits, and observations to collect information on locations of displacement, assistance needed, and households affected by armed attacks suspected to have been waged by armed Murle youth groups. The attacks were launched in Twic East, and Duk counties at Pakeer, Ajuong, and Duk Padiet payams respectively in which people lost lives and many sustained injuries. This led to displacement of up to 13,141 individuals (1,779 households) to Bor Town. The displaced persons first moved to the swampy Ziamziam area before proceeding to find refuge in schools, church areas, and with relatives or friends living in Bor Town. A continuous influx was recorded at the time of assessment as a result of fear of possible future attacks by the armed youth groups. Humanitarian assistance available during the assessment include food, shelter, NFIs, water, health, sanitation, and protection.<sup>1</sup>

Assessment Date	Location	Trigger for movement	IDPs	Setting
8 July 2020	Bor Town	Communal Clashes	41 (8 HH)	Host Community
8 July 2020	Pentacostal Church, Langbaar	Communal Clashes	3,544 (466 HH)	Site
8 July 2020	Matyrs Primary School	Communal Clashes	3,181 (441 HH)	Site
8 July 2020	Black Eagle Academy	Communal Clashes	2,322 (301 HH)	Site
8 July 2020	Bor Girls Primary	Communal Clashes	4,053 (563 HH)	Site

1. Please note that not all locations are indicated on the map.

IOM DTM employs Event Tracking as a more rapid and localized assessment tool complementing overall efforts to report on IDP and returnee figures nationally (see Mobility Tracking reports and maps on [displacement.iom.int/south-sudan](https://displacement.iom.int/south-sudan)). IOM teams access IDP / returnee locations and consult local key informants including community representatives, local authorities or humanitarian partners and triangulate findings to provide partners with the most accurate as possible, actionable and current data.

**DTM IS SUPPORTED BY**
