**OVERVIEW**

The crisis in Nigeria's North Central and North West zones, which involves long-standing tensions between ethnic and linguistic groups; attacks by criminal groups; and banditry/hirabah (such as kidnapping and grand larceny along major highways) led to fresh wave of population displacement.

Latest attacks affected 561 individuals, including 22 injuries and 9 fatalities, in Anka LGA of Zamfara State, Birnin Gwari, Chikun LGAs of Kaduna State and Jibia, Sabuwa LGAs of Katsina State between the 28 September - 04 October, 2020. The attacks caused people to flee to neighboring localities. Also, 111 individuals were displaced due to flooding in Benue State from heavy rainfalls that occurred during the reporting period.

A rapid assessment was conducted by field staff to assess the impact on people and immediate needs.
