

Akobo County, Jonglei State

DTM mapped four locations (neighbourhoods) of Internally Displaced Persons (IDPs) displaced by floods in Akobo County of Jonglei State on 15 September 2020 in coordination with other humanitarian partners and authorities. Persistent rainfall since early September 2020 coupled with the flooding of Akobo Lau and Ajwara rivers caused the displacement of 10,745 individuals (2,149 households) to four locations. The flood forced some to move to more elevated areas within the same village while others moved to neighbouring villages.

The flood has also hindered livelihood activities, service provision and destroyed shelters. The displaced population found accommodation with the surrounding host community. Urgent needs identified include, shelter, sanitation and NFIs.

Assessment Date	Location	Main trigger for movement	IDPs Households	IDPs Inds.	Setting
15 September 2020	Maketh	Natural Disaster (Floods)	878	4,390	Host Community
15 September 2020	Wechkong	Natural Disaster (Flooding)	586	2,930	Host Community
15 September 2020	Wech Joikthueng	Natural Disaster (Flooding)	351	1,755	Host Community
14 September 2020	Wech Yier Yier	Natural Disaster (Flooding)	334	1,670	Host Community

Event Tracking Report

Akobo County, Jonglei State

Location: Maketh, Akobo County

Data collected on: 15 September 2020

TRIGGER FOR MOVEMENT		DEMOGRAPHIC BREAKDOWN		HUMANITARIAN NEEDS	
Natural Disaster (Flooding)		n = 4,390 inds		● AVAILABLE ● INSUFFICIENT ● UNAVAILABLE ● UNKNOWN	
# of IDPs Households	878	40% Male ● 60% Female ● 5% >60 8%		HEALTH	
# of IDPs Individuals	4,390	12% 18-59 21%		WATER	
Arriving from	Bore, Nyikan, Okau (Akobo County)	10% 6-17 13%		SANITATION	
Mode of transport	Boat/Canoe	8% 1-5 10%		PROTECTION	
Nature of movement	Spontaneous	5% <1 8%		FOOD	
Setting	Host Community			SHELTER	
				NON-FOOD ITEMS	

Information source: Direct Visit

Period Covered: 3 – 15 Sept 2020

Location: Wechkong, Akobo County

Data collected on: 15 September 2020

TRIGGER FOR MOVEMENT		DEMOGRAPHIC BREAKDOWN		HUMANITARIAN NEEDS

Period Covered: 2 – 14 September 2020

IOM DTM employs Event Tracking as a more rapid and localized assessment tool complementing overall efforts to report on IDP and returnee figures nationally (see Mobility Tracking reports and maps on displacement.iom.int/south-sudan). IOM teams access IDP / returnee locations and consult local key informants including community representatives, local authorities or humanitarian partners and triangulate findings to provide partners with the most accurate as possible, actionable and current data.
