

ARMENIA OVERVIEW

Displaced Arrivals, source Migration Service 17 November 2020

Metadata information for DTM Armenia November 2020

Processing

Data from Migration Service, Government of Armenia was received on 17 November 2020 as export from registration database as aggregates on settlement level with population values by settlement name in Armenian language in 11 regional worksheets

Data was processed by DTM team (on 17 and 18 November 2020) of IOM in Mobility Tracking baseline database where population values were entered each and one individually for all 578 settlement after location and name verification.

Aggregated number for tabulation by region are generated from DTM database. Detailed settlement dataset with geographic coordinates and settlement codes (from Armenia statistical office) was generated.
