

DTM Nigeria | Baseline Dashboard North Central and North West Nigeria - Round 4 (August 2020)

IOM manages the Displacement Tracking Matrix (DTM) in Nigeria and other countries around the world, to support humanitarian communities with data on displacement and mobility. This information management product determines the status, locations, and needs of people affected by the ongoing conflict in Northwest and Northcentral Nigeria. As of 8 August 2020, the DTM has identified 575,319 IDPs (93,267 households) across Benue, Kaduna, Kano, Katsina, Plateau, Nasarawa, Sokoto and Zamfara States. This represents an decrease of 0.5 per cent (2,800) over Round 3 assessment.
