METHODOLOGY: The IOM Displacement Tracking Matrix is a comprehensive system to analyze and disseminate information to better understand the movements and needs of Internally Displaced Persons (IDPs) in Burundi. The Sub Area assessment is conducted monthly at commune level with key Informants. This assessment provide information on number of Internally Displaced Persons (IDPs), their provenance, the cause and period of displacement and a list of all the collines that are hosting IDPs. This data collection is conducted by trained Burundian Red Cross volunteers.
