

01 - 07 May 2021

Households:
239

Individuals:
1,188

Casualties:
4 Individuals

Movement Type:
Spontaneous

Movement Trigger:
Attack

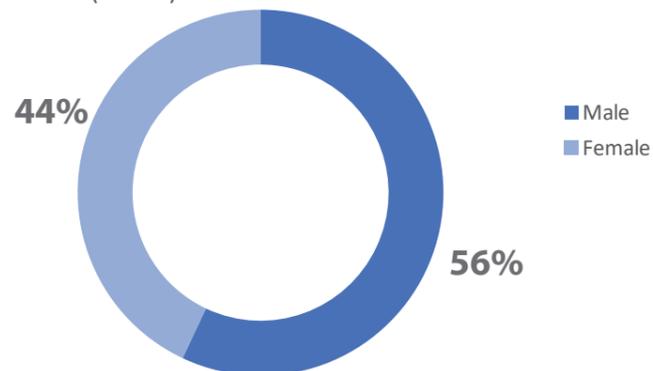

OVERVIEW

The lingering conflict in Nigeria's North East Zone has been the major cause of widespread population displacement. Over 2 million persons have been forced to leave their areas of residence in search of safety and security in neighbouring Wards and LGAs.

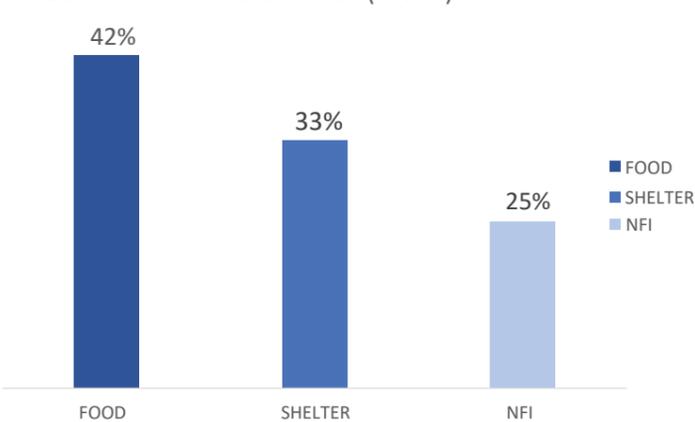

On 01 and 02 March 2021, a Non-State Armed Group (NSAG) carried out an attack in Dikwa LGA. On 18 April, 02 and 04 May 2021, Dikwa LGA was attacked once more by a Non-State Armed Group, leading to a new wave of population displacement. Following the attacks, flow monitoring assessments were conducted by DTM field staff with the purpose of informing the humanitarian community and government partners, and enabling targeted response. DTM enumerators were deployed in the transit point Dikwa Motor Park in the ward Dusuman in Jere LGA. IDPs passing through the transit point were asked about their intended destinations and most needed assistance.

As a result of the attacks, between 01 and 07 May 2021, a total of 1,188 individuals were displaced from Dikwa LGA towards the LGAs Jere and Maiduguri Metropolitan Council. They arrived at Dikwa Motor Park from various camps and communities in Dikwa LGA. No displacements were recorded on 02 and 04 May 2021 due to the restriction of movement following the attack on 02 and 04 May 2021 respectively. As presented on the map below, their intended destinations were locations in the LGAs Jere and Maiduguri Metropolitan Council in Borno State. Meanwhile, between 01 and 07 May 2021, a total of 693 individuals have returned to Dikwa LGA from Maiduguri since the first attack on 01 March 2021.

Sectorial information on departure location - Dikwa

There was no food distribution this week. However, Care International has started moving the food items to Dikwa LGA for her next food distribution.

There was a fire outbreak in the past week in Shehuri Mudu Kasa Camp which affected 6 households and 27 individuals. During the incident, 4 shelters were completely damaged and 2 were partially damaged. The affected households are in dire need of shelter support. No shelter activity was carried on this week.

Care International and the National Youth Council of Nigeria (NYCN) distributed NFIs to a targeted vulnerable beneficiaries in Mohammed Kyari Camp and Ajari Camp. This has reduced the NFI needs in the locations where they were distributed.

The clinic is now opened and has begun supporting IDPs in the past weeks. However, the facilities and medicine in the clinic do not suffice to meet the needs of the IDPs.

IOM WASH volunteers continued COVID-19 sensitization and hygiene promotion in various camps. In the past week, the hygiene promotion included cholera prevention in case of outbreak. The weekly environmental sanitation was observed.
