Reported Covid-19 Cases in Yemen
Source: National Center for Disease Control

6,737 Confirmed | **3,438** Recovered | **1,320** Deaths

HIGHLIGHTS (From 01 to 31 May 2021)

• 443 new cases – 98 new deaths | source: : WHO

• Updates on numbers of new cases in areas controlled by Sana'a DFA are not available.

• 489 Non-Yemeni migrants arrived at the southern governorates of Lahj and Hadramaut.

• No IDP Households reported COVID-19 as the reason of displacement. So far, the total number of IDPs who have cited COVID-19 as the primary reason for displacement is 1,559 households (see RDT Dashboard for more information).

• On 20 April 2021, Yemen launched the first round of its COVID-19 vaccination campaign in Aden and covered 13 Yemeni governorates. The campaign aims to reach 317,363 people in 133 districts across Yemen.

• Saudi Arabia authorities at the land border point are now requesting Yemenis to provide a COVID-19 vaccination certificate to allow them to enter KSA..

• The World Health Organization in Yemen confirmed that 10,000 vaccine doses arrived at Sanaa Airport on 31 May 2021. The WHO will start COVID-19 vaccinations in Northern Yemen, where the de facto authorities have not provided any COVID-19 infection or fatality figures since May 2020.

Mobility Restrictions

In response to the COVID-19 pandemic, the local authorities of Yemen declared a nationwide health emergency and introduced many preventative measures similar to those adopted by the rest of the world starting in March 2020, in order to reduce the transmission of the virus. The Yemeni authorities had put additional preventive measures and health screenings for people passing through ten transit points used for public movement between southern and northern governorates, specifically at points located in Taizz and Al-Bayda. These restrictions have been loosened and the health screenings have been removed. For Yemeni returnees from KSA through Al Wadeeah border point and from Oman through Shahin border point providing a COVID-19 PCR test report is mandatory. Fifteen sea border points and three land border points are reopened for movement.

Unofficial Border Points
Unofficial Land Border Point · Unofficial Sea Border Point

The movement restrictions were lifted, and the health screenings have been removed from internal transit points.

Al Wadeeah land border point is open, allowing Yemenis holding a negative PCR test in addition to a COVID-19 vaccination certification to enter KSA. Al Shahin land border point is partially opened; only permitting entry to Yemen from Oman subject to providing a negative PCR test. Entry to Oman however is only allowed subject to prior coordination between Omani and Yemeni Authorities, or providing a work residence in Oman, or for humanitarian cases.

International Airports in Sana'a, Aden, Sayun and Al Rayan reopened for international flights.

Authorities in the governorate of Ma'rib imposed a curfew from 09 p.m. until 04 a.m. in an attempt to combat the spread of COVID-19.

Governorate	Cases	Recovered	Deaths
Hadramaut	2,596	1,666	680
Taizz	1,395	636	208
