

# UGANDA INFO SHEET

Multi-Hazard Response/DRR Platform *Date: June 14<sup>th</sup>, 2021*

## Districts Affected by Hazards in May 2021

District	Subcounty	PSN	IDPs
Bulambuli	Nabbongo	11	1,800
Butaleja	Himutu	116	13,081
Kasese	Kilembe	10	376
Kasese	Mpuuga	0	223
Napak	Ngoleriet	6	604
Rakai	Kibanda	7	100
Tororo	Western Division	30	103
<b>Total</b>		<b>180</b>	<b>16,287</b>

### OVERVIEW

#### In May 2021

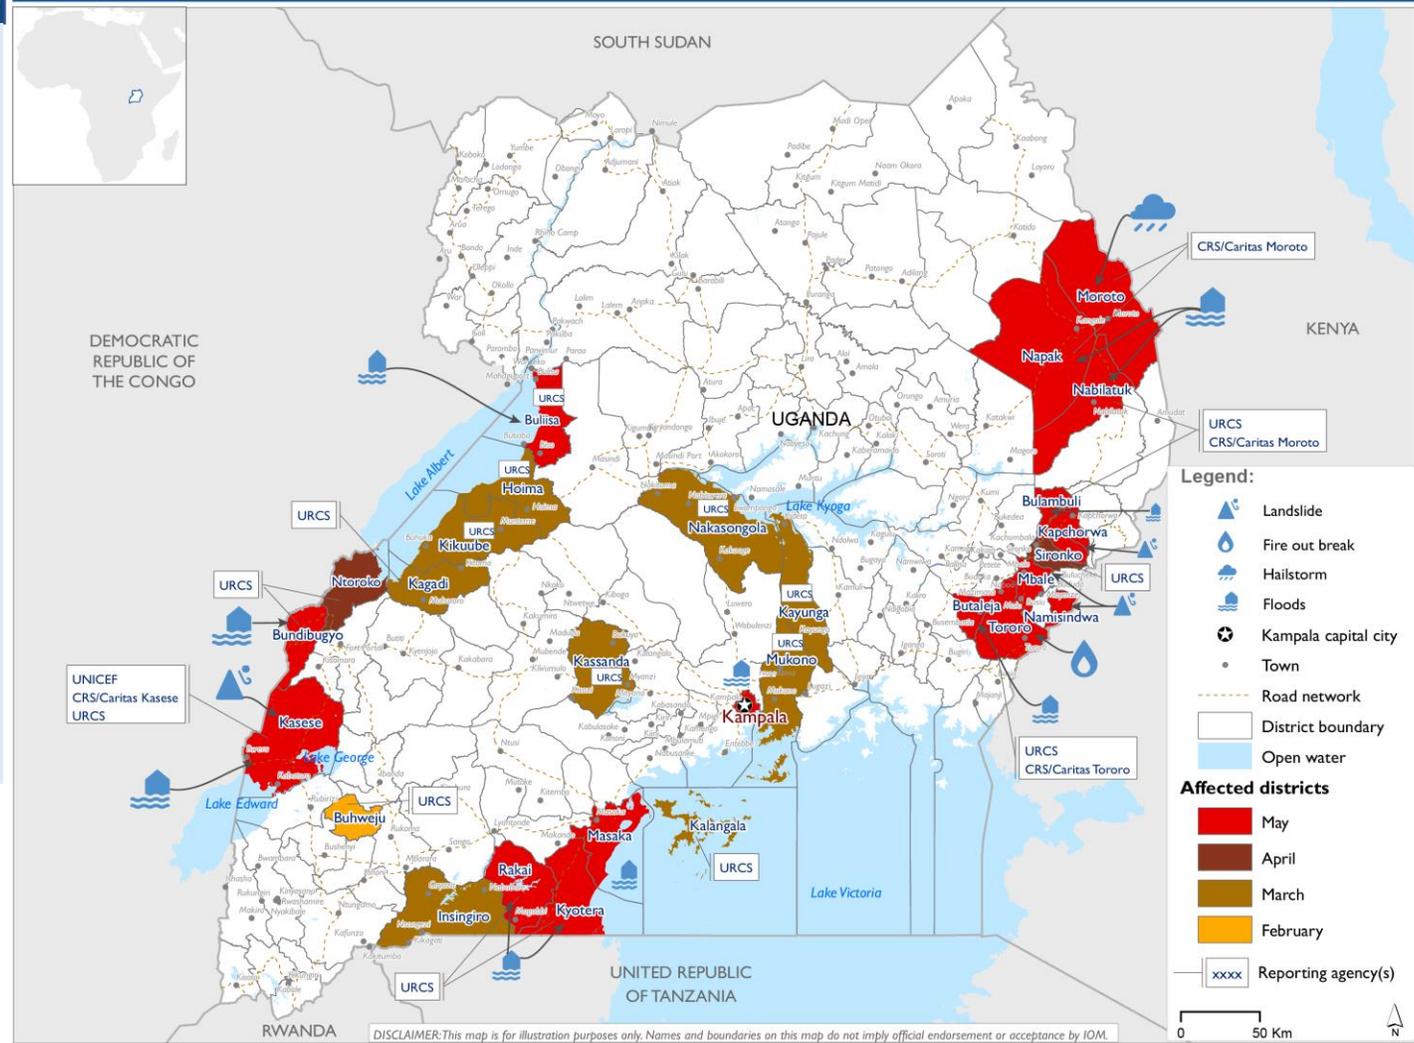

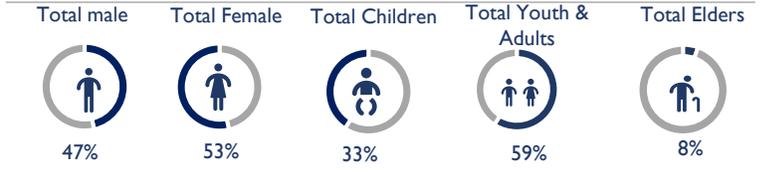

- As the MAM rainy season comes to an end in May, floods and landslides hazards were the major causes of disasters in Uganda and these led to death of three(3) individuals and destruction of many houses and infrastructures in different parts of the country.
- In the month of May, above normal rains were reported and these triggered Landslides in Kasese affecting a total of 3,734 individuals. Landslides were also reported in Namisindwa, Mbale and Kapchorwa (Elgon region) as a road connecting Mbale to Kapchorwa was covered by mud. There were flash floods reported in Kasese, Bundibugyo, Kyotera, Kampala, Rakai, Napak, Nabilatuk, Butaleja and Bulambuli. And there was a fire outbreak reported in Tororo district affecting 103 individuals.
- There is still continued flooding reported in districts around the big lakes (L. Victoria, L. Albert and L. Kyoga) as the rains continue to increase water levels. More than 400 persons were affected and 250 households were forced to vacate in Bulisa and over 20,000 persons in Masaka were affected as L. Albert and L. Victoria shores continued to flood respectively.
- 53% of the total affected individuals were female and 47% were male. Among these, 59% were grouped as youth and adults(18-50year), 33% children and 8% were elderly persons.
- Internally Displaced People (IDPs) affected totaled to 16,287 with 2,587 Households.
- 180 individuals were reported as Persons with specific needs (PSN)
- The priority needs in the affected districts include; sanitation, hygiene promotion, water supply, health, shelter, food assistance and nutrition. These needs are highly needed at the response stage in all districts especially those that experienced floods, landslides and hailstorm.

#### Cumulative in 2021

- As per the reporting date, a total of 146,646 individuals from 20,763 Households have been affected floods, landslides, hailstorms and fire outbreaks.
- Reported affected IDPs total to 18,516 individuals or 3,072 households
- PSN reported cases affected are 237 individuals

	In May 2021 People/HHs	Cumulative, in 2021 People/HHs
Affected	106,913/14,193	146,646 /20,763
IDPs	16,287/2,587	18,516/3,072
PSN	180	237
