

COVID-19 MOVEMENT RESTRICTIONS

YEMEN MOBILITY RESTRICTION DASHBOARD #27

Total Reported COVID-19 Cases in Yemen as of 31 July 2021

Source: National Center for Disease Control

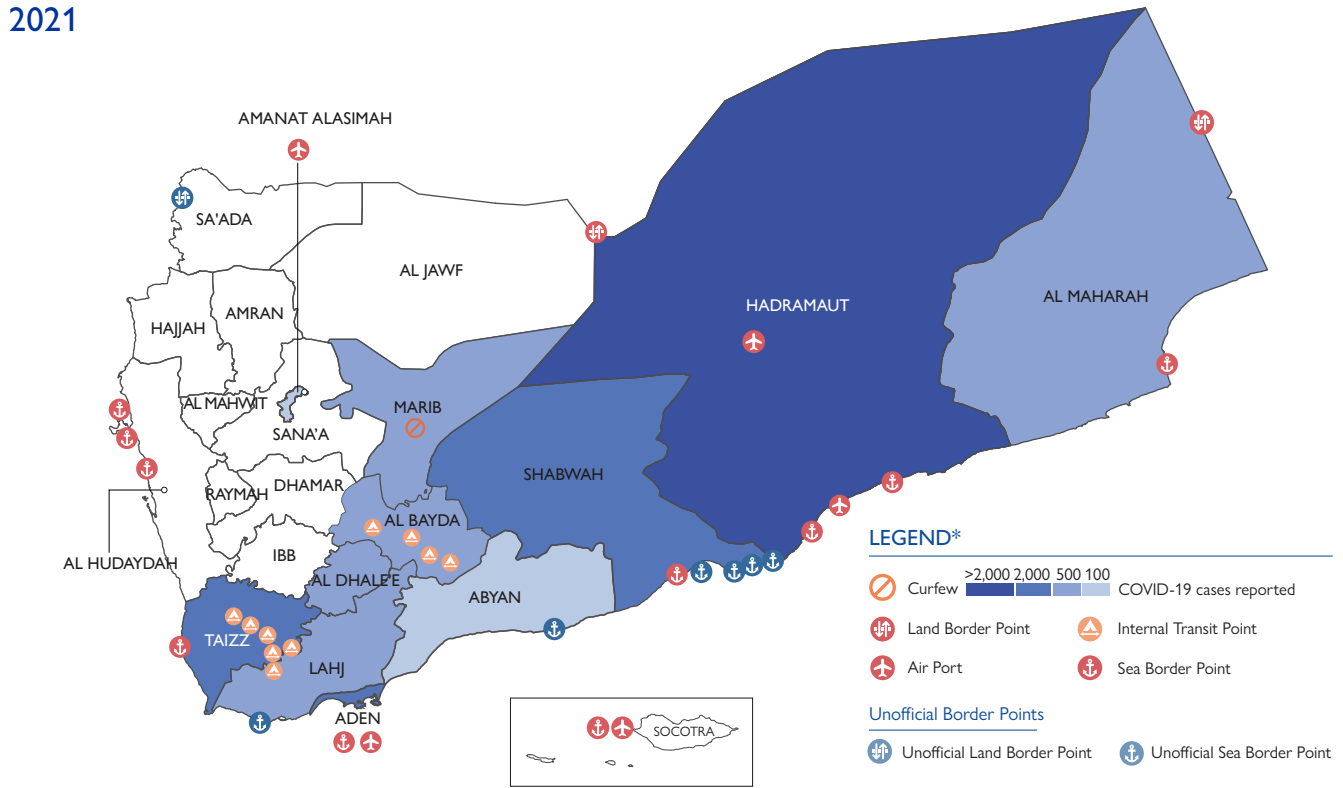

7,061 Confirmed | **4,182** Recovered | **1,375** Deaths

HIGHLIGHTS (From 01 to 31 July 2021)

- 143 new cases – 14 new deaths | source: [WHO](https://www.who.int)
- Updates on numbers of new cases in areas controlled by the De Facto Authorities (DFA) based in Sana'a are not available.
- 1,566 non-Yemeni migrants arrived at the Yemeni southern governorates of Lahj and Shabwah, and 1,821 Yemeni returnees arrived in Yemen from Saudi Arabia (KSA). ([Please see July FMR report for more details](#))
- No IDP households (HH) reported COVID-19 as the reason of displacement. So far, the total number of IDP HHs who have cited COVID-19 as the primary reason for displacement is 1,559 households.
- Deputy Minister of Public Health and Population, Dr. Ali Alwaleedi, announced in a press conference in Aden on 28 July 2021, that the Health Ministry is expecting to receive 151,000 doses of the Johnson & Johnson vaccine within the next week, out of Yemen's quota of 504,000 doses, while a batch of 360,000 doses of the AstraZeneca vaccine is expected to arrive in August.

Mobility Restrictions

In response to the COVID-19 pandemic, the local authorities of Yemen declared a nationwide health emergency and introduced many preventative measures similar to those adopted by the rest of the world starting in March 2020, in order to reduce the transmission of the virus. The Yemeni authorities had put additional preventive measures and health screenings for people passing through ten transit points used for public movement between southern and northern governorates, specifically at points located in Taizz and Al-Bayda. These restrictions have been loosened and the health screenings have been removed. For Yemeni returnees from KSA through Al Wadeeah border point and from Oman through Shahin border point providing a COVID-19 PCR test report is mandatory. Fifteen sea border points and three land border points are reopened for movement.

-  The movement restrictions were lifted, and the health screenings have been removed from internal transit points.
-  Al Wadeeah land border point (between Yemen and KSA) is open, allowing Yemenis holding a negative PCR test in addition to a COVID-19 vaccination certification to enter KSA. Al Shahin land border point (between Yemen and Oman) is partially opened; only permitting entry to Yemen from Oman subject to providing a negative PCR test. Entry to Oman however is only allowed subject to prior coordination between Omani and Yemeni Authorities, or providing a work residence in Oman, or for humanitarian cases.
-  International Airports in Sana'a, Aden, Sayun and Al Rayan reopened for international flights.
-  Authorities in the governorate of Ma'rib imposed a curfew from 09 p.m. until 04 a.m. in an attempt to combat the spread of COVID-19.

Governorate	Cases	Recovered	Deaths
Hadramaut	2,667	1,863	704
Taizz	1,447	856	222
Aden	1,221	311	62
Shabwah	517	376	110
Lahj	354	237	85
Al Maharah	260	208	49
Al Dhalee	229	95	44
Marib	175	132	25
Al Bayda	150	77	70
Abyan	42	25	10
Amanat Alasimah	4	2	2
