

EMERGENCY EVENT TRACKING

Data collection: 5 August 2021

CONFLICT

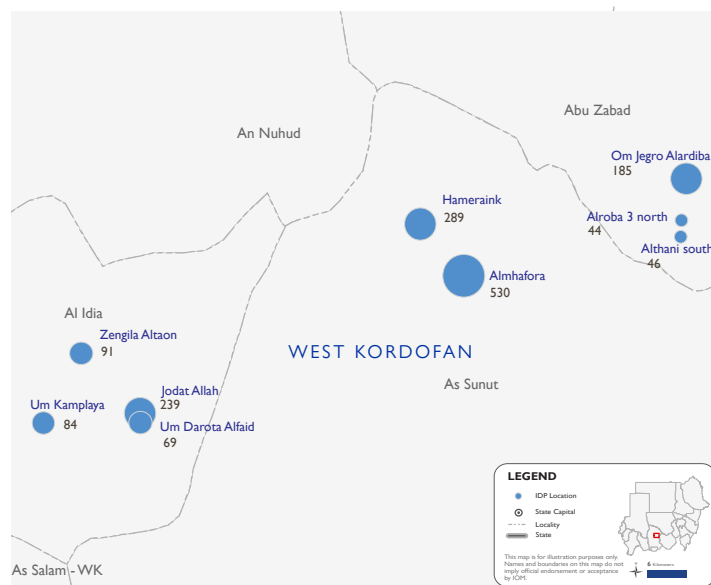

The DTM Emergency Event Tracking (EET) is deployed to track sudden displacement and population movements, provide more frequent updates on the scale of displacement, and quantify the affected population when needed. As a subcomponent of the new Mobility Tracking methodology in Sudan ([Round One](#)), and activated on a need basis, EET utilises a broad network of key informants to capture best estimates of the affected population presence per location – a useful tool for humanitarian response planning and design.

Event Overview

DTM teams activated EET to monitor the displacement of individuals affected by inter-communal violence on 28 July 2021 between the Misseriya and Arab Hamar tribes in As Sunut locality, West Kordofan over the issue of land ownership. The first EET update estimates a total number of 1,577 individuals (261 households) currently seeking shelter in Almhafora (34%) and Hameraink (18%) in As Sunut locality, West Kordofan; Jodat Allah (15%), Zengila Altaon (6%), Um Kamplaya (5%), and Um Darota Alfaid (4%) in Al Idia locality, West Kordofan; as well as Om Jegro Alardiba (12%), Althani South (3%), and Alroba 3 North (3%) in Abu Zabad locality, West Kordofan.

Field teams indicate that there are no reported deaths and eight individuals are reported to be injured. Field teams also indicate that 19 individuals report lost goods, cattle, and/or livestock. All affected individuals are Sudanese nationals. DTM teams identified at least 227 cases of additional vulnerabilities in need of assistance and support. Based on a ranking scale, the three priority needs across the caseload are Emergency Shelter, Non-Food Items, and Food.

Return Intention

Data collected through the return intention indicator suggests that 1,092 individuals intend to remain in the same place (69%), with 485 individuals intending to move to another location in As Sunut, West Kordofan (31%).

IOM DISCLAIMER

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM). The designations employed and the presentation of material throughout the report do not imply the expression of any opinion whatsoever on the part of IOM concerning the legal status of any country, territory, city or area, or of its authorities, or concerning its frontiers or boundaries.

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to: assist in the meeting of operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and uphold the human dignity and well-being of migrants.
