

### OVERVIEW

- 92,548** Individuals & 10,537 House affected
- 632** Internally displaced Persons and 175 households
- 836** were persons with specific needs (PSNs) from 239 HHs

### September 2021

- The month of September marked the beginning of SOND rainy season which was characterised by abnormal rains which triggered natural hazards in Uganda.
- Floods (Amolator-23,085, Dokolo-17,145, Kwania-10,650), heavy storms/Hailstorms (Yumbe-9,650, Kibaale-7,110, Koboko-5,000, Oyam-1,335) and landslides/Mudslides (Sironko-1,215 & Kapchorwa-532) are the major disasters that were reported
- The big water bodies L. Victoria, L. Kyoga, L. Kwania and L. Albert have continued to over flow as water levels continue to rise.
- A total of 92,548 individuals or 10,537 households were affected by disasters with Amolator district as the highly affected followed by Dokolo, Kwania and Yumbe.
- 836 individuals from 239 households were identified as persons with specific needs.
- A total of 632 were internally displaced persons from 175 households by disasters.
- There is high priority need for water supply, sanitation, shelter, food assistance, NFIs, hygiene promotion, health among others.
- As the precipitation levels continue to increase, more disasters are expected to occur in the October especially in areas around lakes and major rivers. Heavy storms/hailstorms are expected to occur and there is high probability of landslide/mudslides in the mountainous subregions.

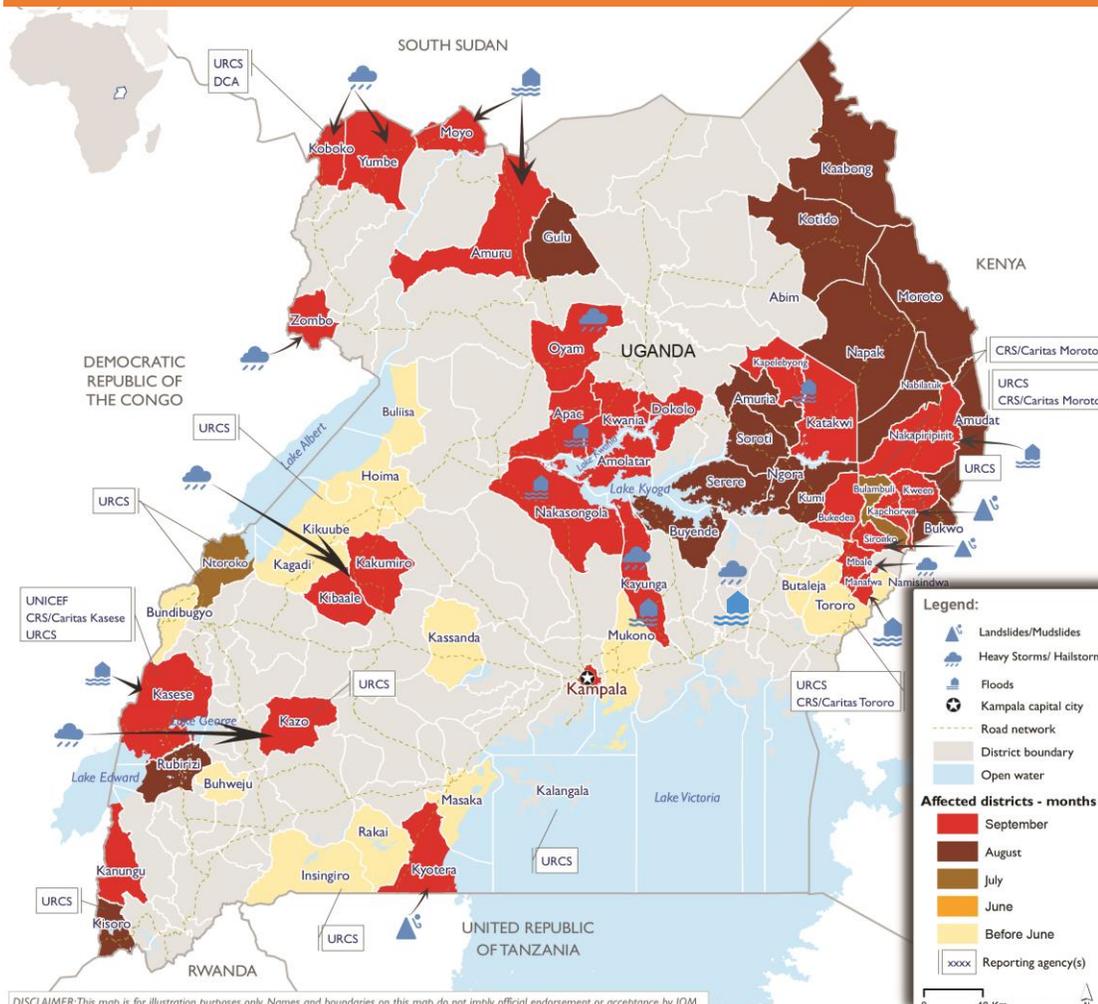

### CUMULATIVE -2021

- 315,478** Individuals & 46,941 House affected
- 20,739** Internally displaced Persons and 3,519 households
- 2,226** were persons with specific needs (PSNs) from 472 HHs
