### MOBILITY RESTRICTIONS

As a result of the sharp rise in the number of COVID-19 cases, such as over 4000 new cases confirmed on 18th July, several local authorities re-imposed preventive restrictions including 3 days complete curfew (see COVID-19 timeline on the next page). The graph on right side shows that at 59% of the assessed locations during the reporting period mobility restrictions were reported.

Are there any COVID-19 related mobility restrictions?

## (F)
