It is reported that food distributions have been organised by the provincial INGD between 14 - 28 December 2021, with additional distributions for new arrivals in the last week. In 16 de Junho Primary School, there is one manual water supply, and IDPs are accommodated in classrooms, with no privacy possible. Some IDPs reportedly sleep outside on the premises due to lack of space. In Culutando Temporary Site there are 52 temporary shelters constructed by IDPs - with black plastic sheets distributed to waterproof their shelters - and 122 emergency shelters (75 double tents, 45 single family tents, and two tents for up to six households).
