

EMERGENCY EVENT TRACKING

Data collection: 8 December 2021

CONFLICT

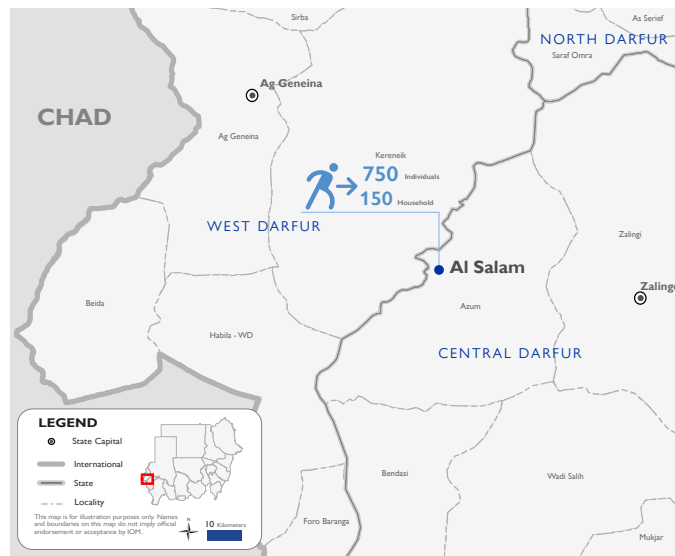

The DTM Emergency Event Tracking (EET) is deployed to track sudden displacement and population movements, provide more frequent updates on the scale of displacement, and quantify the affected population when needed. As a subcomponent of the new Mobility Tracking methodology in Sudan ([Round Two](#)), and activated on a need basis, EET utilises a broad network of key informants to capture best estimates of the affected population presence per location – a useful tool for humanitarian response planning and design.

Event Overview

DTM teams activated EET to monitor the displacement of individuals affected by inter-communal violence in Azum locality, Central Darfur. Clashes erupted on 6 December when Soya village was attacked by Arab tribe.

The first EET update estimates a total number of 750 individuals (150 households) currently seeking shelter in Al Salam. The IDP caseload was originally displaced from Soya village, Azum locality in West Darfur. All displaced individuals are Sudanese nationals. DTM teams identified at least 73 cases of additional vulnerabilities in need of assistance and support. Based on a ranking scale, the three priority needs across the caseload are Non-Food Items, Health (medical needs) and Food.

Return Intention

Data collected through the return intention indicator suggests that all IDPs (100%) intend to return to the location of origin when the security situation improves.

IOM DISCLAIMER

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM). The designations employed and the presentation of material throughout the report do not imply the expression of any opinion whatsoever on the part of IOM concerning the legal status of any country, territory, city or area, or of its authorities, or concerning its frontiers or boundaries.

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to: assist in the meeting of operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and uphold the human dignity and well-being of migrants.
