

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements. Information is collected through key informant interviews and direct observation. This dashboard provides information on movements which occurred on **02, 03, 05 and 06 February 2022**, in four sites in the Lake Province.

- On 02 and 03 February 2022, due to increasing insecurity in their places of origin, a group of **750** households with **2,500** individuals that had never been previously displaced, pre-emptively left the villages of Mousserom and Djoulom on the islands located in the sub-prefecture of Bol (department of Mamdi) and found refuge in the sites of Kinguiria and Melea Dar Al Salam 1 (same sub-prefecture).
- On 05 February 2022, a total of **70** households (**300** individuals) made up of IDPs preventively left several villages (Marte, Kaylan, and Kildey), located in the sub-prefecture of Kangelom (department of Mamdi) to take refuge in the site of Tchingam 3 (sub-prefecture of Bagasola, department of Kaya).
- On 06 February 2022, **250** households (**700** individuals) preventively left their villages of origin (Ridjibo, Farguimi 1 and 2) located in the sub-prefecture of Kangelom and moved to the site of Bibi Dar Al-anné (same sub-prefecture).

 **METHODOLOGY : Data are collected through observations and interviews with key informants in host locations**
