DISPLACEMENT TRACKING MATRIX NIGERIA NORTH-EAST ZONE

IDP BASELINE DASHBOARD

MARCH 2022 ROUND 40

In response to the need for accurate and up-to-date information on human mobility and forced displacement in north-east Nigeria, IOM activated its Displacement Tracking Matrix (DTM) to support the Government and the humanitarian community with multi-layered data on the status, locations and needs of populations affected by the on-going conflict and communal clashes in north-east Nigeria.

During the assessment period of Round 40 (16 November to 30 December), the DTM has identified a total of 2,171,652 IDPs in 446,740 households across north-east Nigeria. This represents an increase of one per cent (or 28,705 individuals) compared to Round 39.

The DTM has identified an IDP population of **2,171,652** individuals as of 30 December 2022
