

MOVEMENT SUMMARY - AFGHANISTAN TO AND FROM NEIGHBORING COUNTRIES

Acknowledging the deep rooted generosity of the people and the governments of Islamic Republic of Iran and Pakistan for hosting millions of Afghan migrants and refugees for over 4 decades, this document captures present mobility and displacement trends between Afghanistan, the Islamic Republic of Iran and Pakistan.

THIS WEEK'S HIGHLIGHTS

- The reporting week witnessed a decreased inflow movement between the Islamic Republic of Iran and Afghanistan, with 18,384 individuals compared to 26,351 last week. The outflows also significantly reduced from 13,276 last week to 2,838 during this reporting period.
- Crossings between Afghanistan and Pakistan saw steady outflows and inflows, with an average of 7,918 outflows per day compared to 7,963 in the previous week and an average of 7,974 inflows per day compared to 7,329 in the previous week.

TRENDS OF MOVEMENT IN AND OUT OF AFGHANISTAN IN THE LAST 1 YEAR (APR 2021 - MAR 2022)

FROM ISLAMIC REPUBLIC OF IRAN

The weekly movements from the Islamic Republic of Iran into Afghanistan decreased from 26,351 in the previous week to **18,384** in the reporting period. IOM assisted 3,215 returnees, of which **2,372 (74%) were male and 843 (26%) were female**. During this reporting period, around 60% (11,016) of all crossings of Afghan nationals from the Islamic Republic of Iran to Afghanistan were deportations. The remains of 9 Afghan nationals, who reportedly died due to accidents and natural causes, were repatriated during the reporting week.

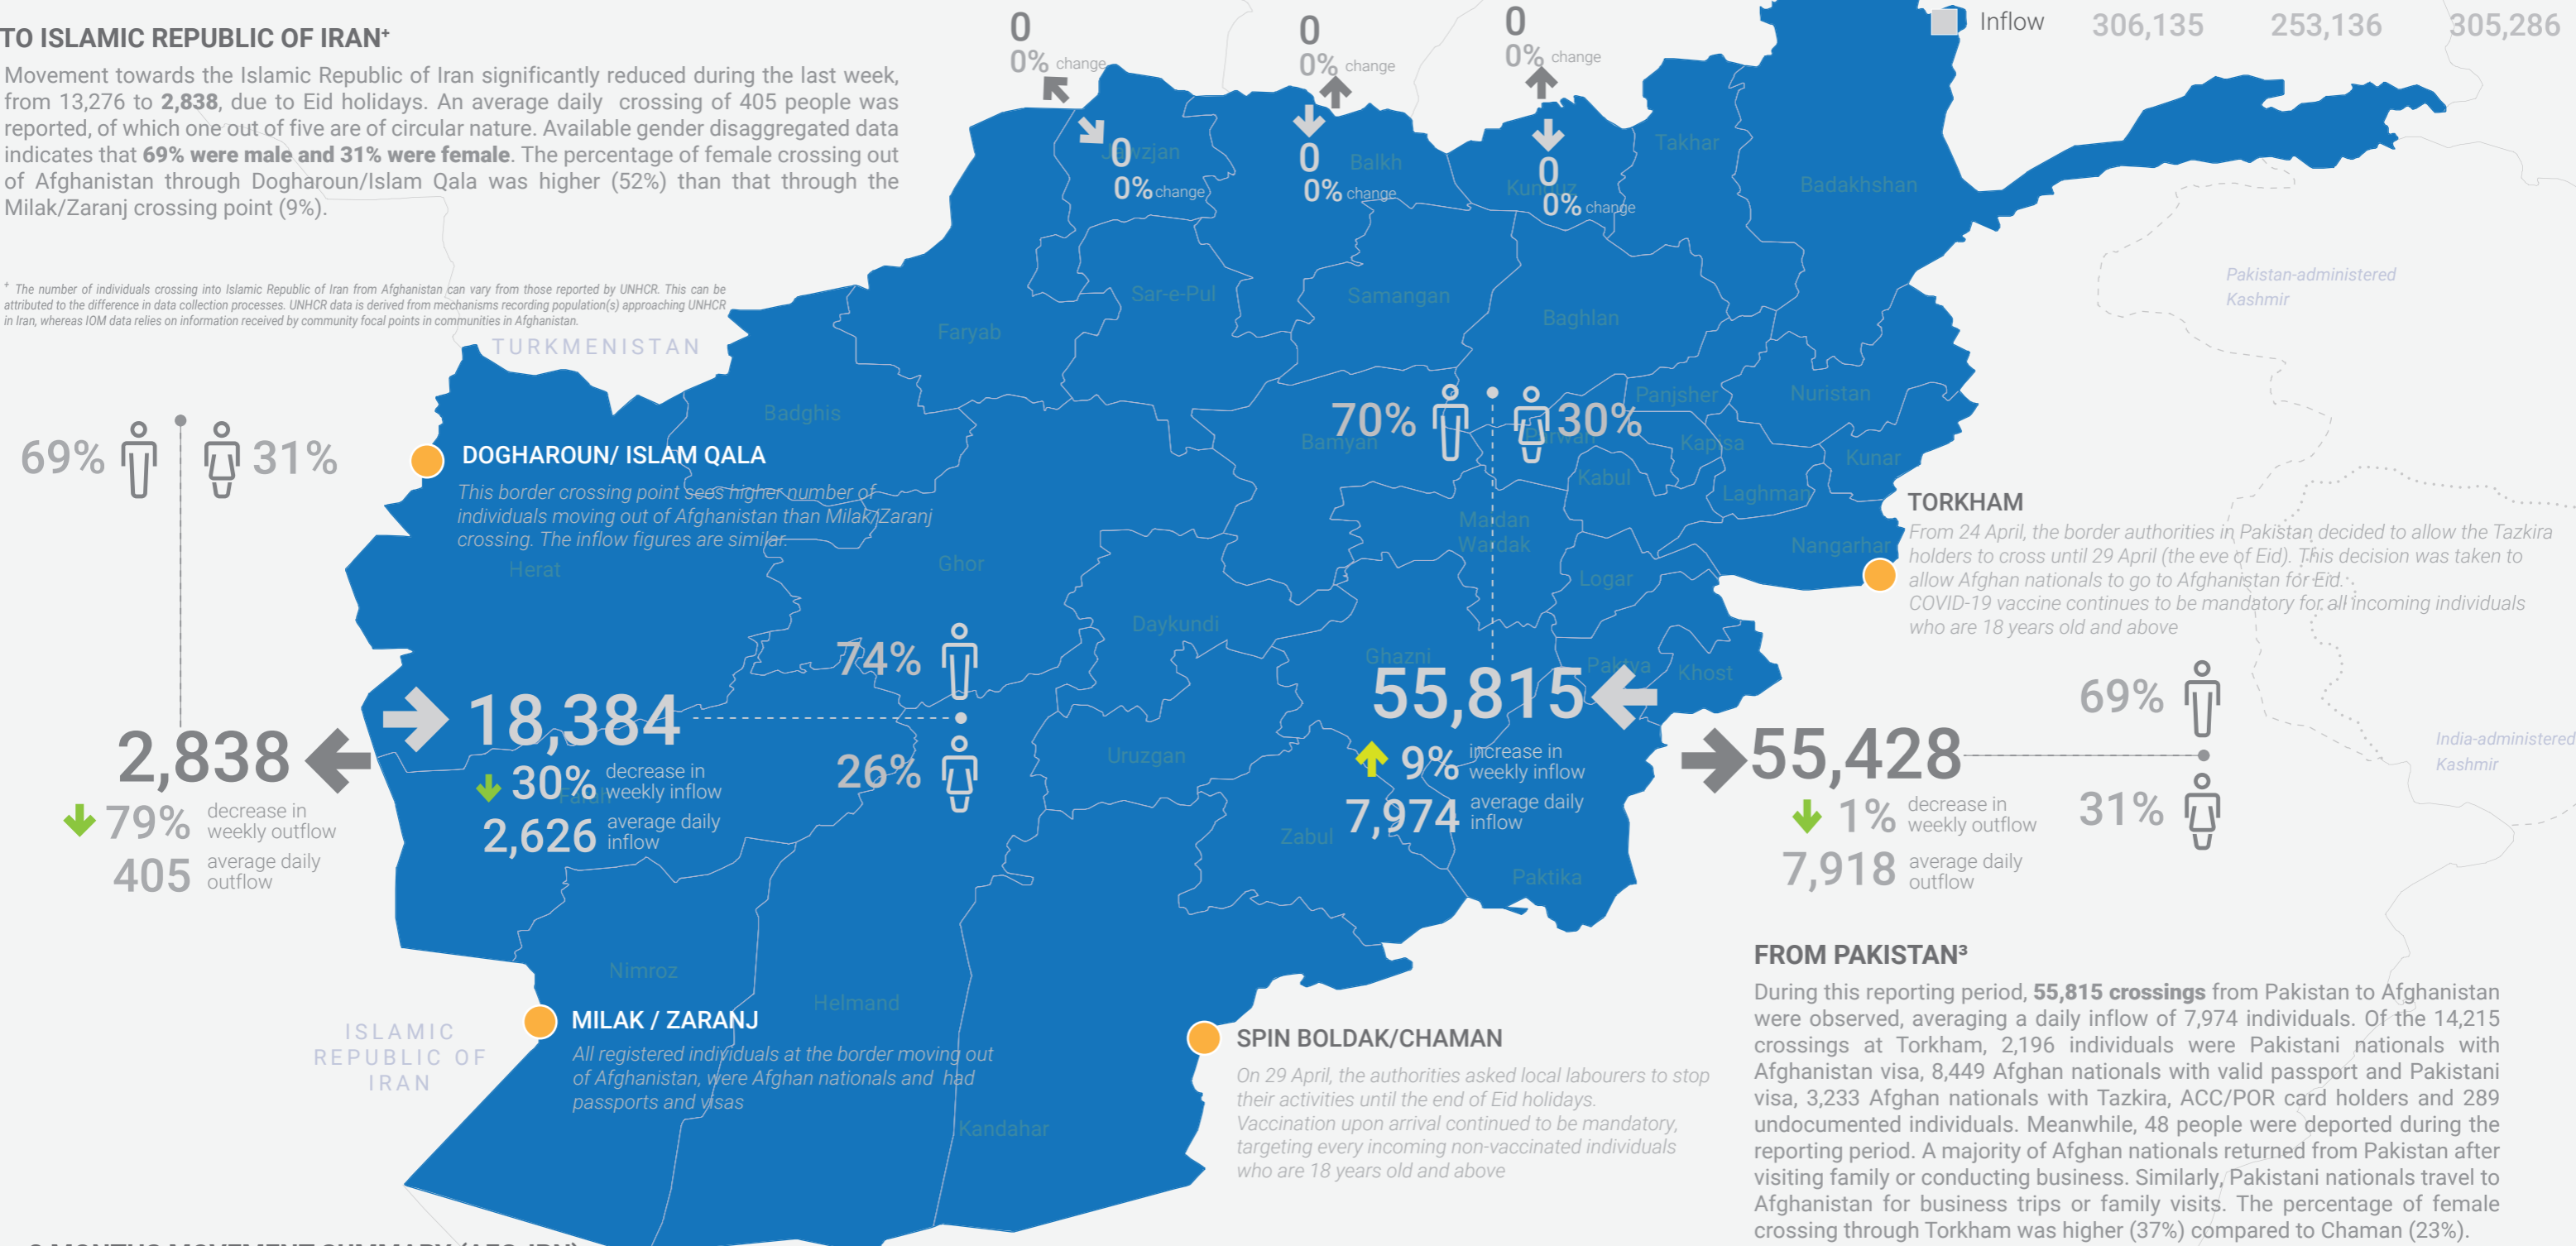

TO ISLAMIC REPUBLIC OF IRAN*

Movement towards the Islamic Republic of Iran significantly reduced during the last week, from 13,276 to **2,838**, due to Eid holidays. An average daily crossing of 405 people was reported, of which one out of five are of circular nature. Available gender disaggregated data indicates that **69% were male and 31% were female**. The percentage of female crossing out of Afghanistan through Dogharoun/Islam Qala was higher (52%) than that through the Milak/Zaranj crossing point (9%).

* The number of individuals crossing into Islamic Republic of Iran from Afghanistan can vary from those reported by UNHCR. This can be attributed to the difference in data collection processes. UNHCR data is derived from mechanisms recording population(s) approaching UNHCR in Iran, whereas IOM data relies on information received by community focal points in communities in Afghanistan.

3 MONTHS MOVEMENT SUMMARY (AFG-PAK)

	January	February	March
Outflow	343,379	287,631	321,412
Inflow	306,135	253,136	305,286

TORKHAM
From 24 April, the border authorities in Pakistan decided to allow the Tazkira holders to cross until 29 April (the eve of Eid). This decision was taken to allow Afghan nationals to go to Afghanistan for Eid. COVID-19 vaccine continues to be mandatory for all incoming individuals who are 18 years old and above

SPIN BOLDAK/CHAMAN
On 29 April, the authorities asked local labourers to stop their activities until the end of Eid holidays. Vaccination upon arrival continued to be mandatory, targeting every incoming non-vaccinated individuals who are 18 years old and above

3 MONTHS MOVEMENT SUMMARY (AFG-IRN)

	January	February	March
Outflow	107,635	113,636	159,895
Inflow	57,396	61,619	88,774

TO PAKISTAN³

Movements from Afghanistan into Pakistan slightly decreased when compared to last week and the reporting period saw a total of **55,428 crossings**. Among the 10,328 individuals who crossed from Torkham, 2,538 were Pakistani nationals, 6,727 Afghan nationals with valid visas, two individuals with third country passports, 571 Afghan patients who required medical treatment in Pakistan, along with 490 who were attendants (person who accompanies a sick person/patient). Out of the total individuals, 69% were male and 31% female. Similarly to the inflow gender ratio, the percentage of female crossing through Torkham was higher (40%) compared to Chaman (22%).

FROM PAKISTAN³

During this reporting period, **55,815 crossings** from Pakistan to Afghanistan were observed, averaging a daily inflow of 7,974 individuals. Of the 14,215 crossings at Torkham, 2,196 individuals were Pakistani nationals with Afghanistan visa, 8,449 Afghan nationals with valid passport and Pakistani visa, 3,233 Afghan nationals with Tazkira, ACC/POR card holders and 289 undocumented individuals. Meanwhile, 48 people were deported during the reporting period. A majority of Afghan nationals returned from Pakistan after visiting family or conducting business. Similarly, Pakistani nationals travel to Afghanistan for business trips or family visits. The percentage of female crossing through Torkham was higher (37%) compared to Chaman (23%).

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by IOM. Line of Control: Dotted line represents approximately the Line of Control in Jammu and Kashmir agreed upon by India and Pakistan. The final status of Jammu and Kashmir has not yet been agreed upon by the parties

¹Undocumented individual: An individual of Afghan origin in Pakistan or Islamic Republic of Iran who does not have valid documents. Valid documentation includes: a valid Proof of Registration (PoR) card issued by the Government of Pakistan, an Afghan Citizen Card (ACC), and either a valid Pakistan visa, an Amayesh card, or a valid Iranian visa to remain/stay in Pakistan or the Islamic Republic of Iran.
²Spontaneous returns: Individuals crossing the border to Afghanistan willingly and without being forced or coerced. These individuals can be documented or undocumented.
³The number of individuals crossing into and from Pakistan are based on the compilation of numbers coordinated between IOM Afghanistan and IOM Pakistan. The numbers do not reflect nationalities and may include Afghans, Pakistanis and third country nationals.

BASELINE MOBILITY ASSESSMENT (BMA) AND COMMUNITY-BASED NEEDS ASSESSMENT (CBNA)

The BMA assessment tracks mobility, provides information on population estimates, locations and geographic distribution of displaced, return and migrant populations, reasons for displacement, places of origin and periods of displacement. The CBNA documents vulnerabilities and multisectoral needs. Data is collected at the settlement level, through focus group discussions with community focal points and direct observations. Round 14⁴ of the BMA and CBNA were conducted in November and December 2021.

IDP ARRIVALS

1,327,474 In 2021
5,832,454 2012 - 2021

Arrival IDPs are Afghans who fled their communities of origin and have arrived in the assessed locations within Afghanistan as a result of, or in order to avoid, the effects of armed conflict, generalized violence, human rights violations, protection concerns, or natural and human-made disasters.

INDIVIDUALS MOVED ABROAD

1,358,770 In 2021
4,519,522 2012 - 2021

Afghans who have moved abroad from the assessed location, regardless of the reason or duration of the expatriation. This category includes individuals in need of international protection, and economic migrants who have left Afghanistan.

INDIVIDUALS RETURNED FROM ABROAD

575,818 In 2021
5,149,245 2012 - 2021

Afghans who have returned to the assessed locations after having spent at least six months abroad. This includes both documented and undocumented returnees.
