

Affected Population:
8,988 Individuals

Damaged Shelters:
866

Casualties:
80

Movement Trigger:
Armed attacks/Rainstorm/
Communal clash

OVERVIEW

Nigeria's north-central and north-west zones are afflicted with a multi-dimensional crisis rooted in long-standing tensions between ethnic and religious groups and involves attacks by criminal groups and banditry/hirabah (such as kidnapping and grand larceny along major highways). During the past years, the crisis has accelerated because of the intensification of attacks and has resulted in widespread displacement across the region.

Between the 20th and 26th of June 2022, armed attacks, rainstorms and communal clashes have led to new situations of forced displacement in the states of Benue, Kaduna, Sokoto and Zamfara. Following these events, a rapid assessments was conducted by DTM (Displacement Tracking Matrix) field staff to inform the humanitarian community and government partners, and enable targeted response. Flash reports utilise direct observation and a broad network of key informants to gather representative data and collect information on the number, profile and immediate needs of affected populations.

During the assessment period, the DTM identified an estimated 8,672 individuals who were affected by the attacks, 196 individuals by rainstorms and 120 individuals by communal clashes. A total of 8,593 individuals were displaced to neighbouring wards in Okpokwu LGA of Benue state, Kachia LGA of Kaduna state, Tureta LGA of Sokoto state, and Maradun and Gusau LGAs of Zamfara State as a result of the attack. Communal clashes in Langtang north LGA of Plateau State displaced about 119 individuals from their places of residence and 196 individuals were displaced by rainstorms in Kebbe LGA of Sokoto state to neighbouring shelters in the community. A total of 218 casualties were reported, including 138 injuries and 80 fatalities.

AFFECTED LOCATIONS

The above map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown are not warranted to be error-free nor do imply a judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM. The above figures stated on the map refers to the total number of individuals affected, which includes the number of displaced persons and the fatalities recorded in the affected LGAs in the north-central and north-west region of Nigeria.

State	LGA	Cause of Incident	Number of Affected Households	Number of Affected Individuals	Casualties	Male	Female	Children	Number of damage shelters
Benue	Okpokwu	Attacks	187	1,221	116	519	702	560	522
Kaduna	Kachia	Attacks	280	1,410	4	588	822	444	83
Kaduna	Kajuru	Attacks	430	2,163	5	943	1,220	841	20
Plateau	Langtang North	Communal Clash	20	120	1	55	65	60	1
Sokoto	Kebbe	Rainfall	38	196	0	86	110	73	62
Sokoto	Tureta	Attacks	245	952	7	402	550	199	178
Zamfara	Gusau	Attacks	292	2,516	74	1,059	1,457	1,536	0
Zamfara	Maradun	Attacks	49	410	11	154	256	224	0
Grand Total			1,541	8,988	218	3,806	5,182	3,937	866
