	Assessment conducted through phone interviews with key informants	✓

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements. Information is collected through key informant interviews or direct observation. This dashboard provides information on **displacement of around 1,800 individuals, which occurred on 02 July 2022 in two localities of Lac province.**

SUMMARY OF EVENT

400 Households
1,800 Individuals

Reason for movement : Intercommunal conflict

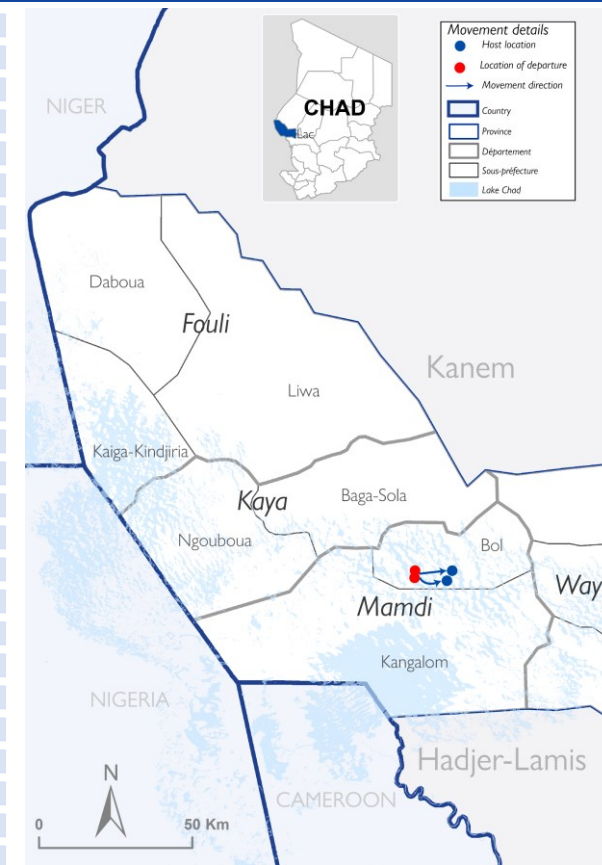

Date of movement : 02 July 2022

Following an intercommunal conflict, a clash erupted on 29 June 2022 between two communities living in two neighboring islands of Lake Chad (Nguelea fidemi North and Nguelea fidemi South) in the *sous-préfecture* of Bol (*département* of Mamdi). By order of local authorities, **400 households (1,800 individuals) left these localities to settle in the village of Makiarom (190 households of 800 individuals from Nguelea fidemi North) and the Kabia site (210 households of 1,000 individuals from Nguelea fidemi South),** all located in the islands of Lake Chad, in the *sous-préfecture* of Bol.
