DISPLACEMENT TRACKING MATRIX NIGERIA NORTH-EAST ZONE

FLASH REPORT—WINDSTORM AND RAINSTORM YOBE STATE

08 August 2022

864 Affected households

5,812 Affected Individuals

16 sites

883 Damaged/Flooded shelters

580 Damaged toilets

355 Damaged shower points

OVERVIEW

With the onset of the rainy season in Nigeria’s northeastern state of Yobe, varying degrees of damages have been reported in camps, camp-like settings and host communities. Heavy rainfalls, accompanied by strong winds have caused serious damages to IDP shelters and camp infrastructures.

Between 17 July and 01 August 2022, IOM’s DTM programme carried out assessments to ascertain the level of damage sustained in IDP sites due to heavy windstorms and rainfall. Overall, 9 host community locations and 1 camp in Machina, Bade, Bursari, Geidam, Gujba and Gulani LGAs were assessed. The worst-hit of the assessed sites was Kukawa, a host community in Bularafa ward of Gulani LGA, where a heavy rainstorm damaged 138 shelters, affecting an estimated 1,152 individuals.

In total, 883 shelters were either damaged or flooded by storms, leaving a total of 864 households in immediate need of shelter. There were 31 casualties reported as a result of the storms.

NEEDS

There is a major need of shelter repair kits, WASH and NFI assistance as most shelters need re-enforcement. As a preventive measure against flooding, most IDP sites need good drainage systems and the use of sand bags to channel the water flow.

The maps in this report are for illustration purposes only. The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.

NHF Nigeria Humanitarian Fund

Flooded areas in Kukawa, in Bularafa Ward, Gulani LGA.

Flooded areas in Bulumkutu/Tike in Bumsa ward, Gulani LGA.

Flooded areas in Tsangaya in Dole Ward, Machina LGA

Damaged structures in Ajari in Asheikri Ward, Geidam LGA

Response

The State government supported affected population in Geidam with some shelter repair kits and food items. Also in Gulani the affected population in Bulumkutu were assisted by the government with food items and cash.

Damages at IDP Sites

LGA	Ward	Site Type	Site Name	Cause of Incident	No. of Affected Households	No. of Affected Individuals	Male	Female	Children	Casualties	No. of Damaged Shelters
