

EMERGENCY EVENT TRACKING

Data collection: 27 December 2022

Conflict

As a subcomponent of the Mobility Tracking methodology (Round Five), the Emergency Event Tracking (EET) tool is deployed to track sudden displacement, provide more frequent updates on the scale of displacement, and quantify the affected population when needed.

Event Overview

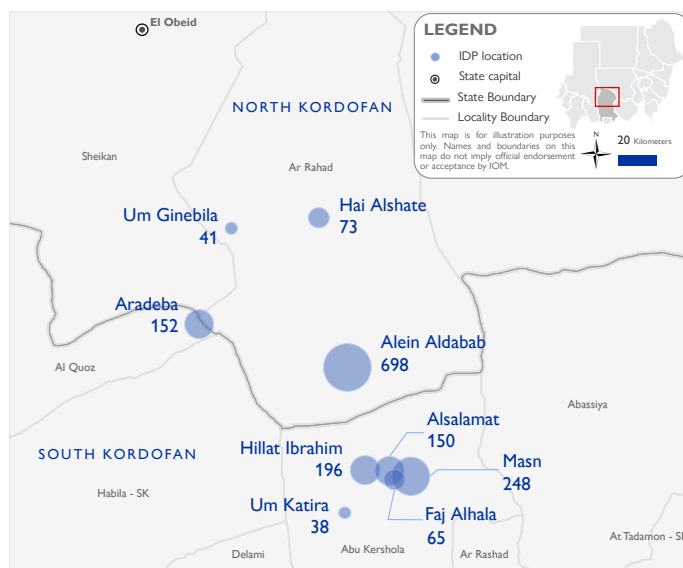

1,661
IDP individuals

251
IDP households

On 13 December 2022, inter-communal conflict erupted between members of the Asra and the Tagli tribes in Khor Altina village in Abu Kershola locality, South Kordofan following a dispute over land accessibility. The first EET update estimates a total number of 1,661 IDP individuals (251 households) currently seeking shelter in Alein Aldabab (42%), Aradeba (9%), Hai Alshate (4%), and Um Ginebila (3%), Ar Rahad locality, and Masn (15%), Hillat Ibrahim (12%), Alsalamat (9%), Faj Alhala (4%), and Um Katira (2%) in Abu Kershola, South Kordofan. The entire IDP caseload (100%) was displaced from Khor Altina village in Abu Kershola, South Kordofan.

Field teams estimate, upon triangulation with additional sources of information, that five individuals were killed and two individuals sustained injuries. There have been no cases of reported lost goods, cattle, and/or livestock. All displaced individuals are Sudanese nationals. At least 127 cases of additional vulnerabilities in need of assistance and support were identified by key informants through DTM's Protection indicator. Additionally, DTM Sudan estimates that there are approximately 249 persons with disabilities among the IDP caseload.* Based on a ranking scale, the three priority needs across the caseload are Food, Non-Food Items, and Health (Medical Needs).

Priority Needs

(Ranking scale)

1
Food

2
Non-Food Items

3
Health (Medical needs)

Demographics

Return Intention

Data collected through the return intention indicator estimates that the entire IDP caseload (100%) intends to remain in their locations of displacement.

* DTM Sudan adopts the WHO global estimate that approximately 15% of the total population are persons with disabilities (PwDs).

IOM DISCLAIMER

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM). The designations employed and the presentation of material throughout the report do not imply the expression of any opinion whatsoever on the part of IOM concerning the legal status of any country, territory, city or area, or of its authorities, or concerning its frontiers or boundaries.

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to: assist in the meeting of operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and uphold the human dignity and well-being of migrants.
