

922
Individuals
arriving at different locations within the reporting period (19 - 21 Jun. 2023)

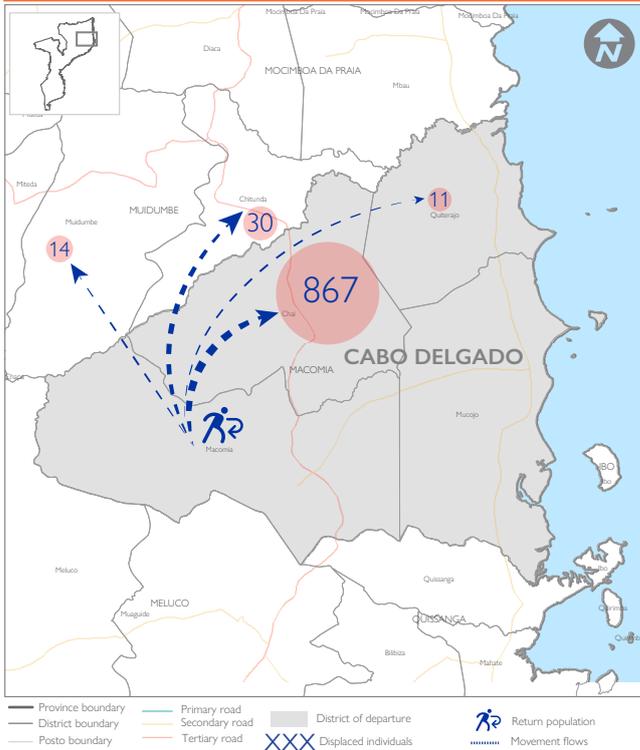

235
Households

Trigger:
Intended return

Means of transportation:
Hired cars, buses

Intended return movements to places of origin from Macomia district (sede) from 19 to 21 June triggered **878** individual departures within Macomia district and **44** to Muidumbe district. An estimate of **62** Intended returning persons were identified with vulnerabilities. Of the **922** individuals recorded, it is estimated that **821** of the individuals (approximately **89%**) travelled by hired cars from Macomia sede bairros to their destination locations. Of those who travelled by hired cars, **337** were children under 18 years old. An estimated **44** individuals (**10** households) are departures directly to Muidumbe (Chitunda and Mienguelua) localities. Within this reporting period, **98** per cent of the recorded movements were displaced more than four times.

Movements in the region continue to be dynamic between host and displaced communities. The objective of the Emergency Tracking Tool (ETT) - Movement Alert is to collect information on large and sudden population movements, and to provide support to the humanitarian response partners by disseminating data on IDPs to support effective humanitarian response to the affected population. Information is collected through key informants interviews or direct observation. This alert provides basic information on displacements, and additional information can be shared upon request.
