DISTRICTS WITH HIGHEST INCREASE IN RETURNS IN MARCH

% increase in returns during the reporting period

Ninewa Governorate alone accounts for 86% (107,292) of the newly identified returnees across Iraq this month, of who 77,166 went back to Mosul district. This increase is due to the joint validation exercise DTM and local authorities conducted in east and west Mosul to confirm returnee numbers.

RETURNEES BY DISTRICT OF RETURN

Governorate	Previous Round	Current Round	Difference	Percentage
Al-Hamdaniya	114,864	118,416	3,552	3%
Al-Shikhan	1,140	1,140	-	0%
Hatra	9,498	11,718	2,220	23%
Mosul	708,192	785,358	77,166	11%
Sinjar	49,062	49,182	120	0%
Telafar	212,562	233,928	21,366	10%
Tilkaif	77,130	79,998	2,868	4%
Total	1,172,448	1,279,740	107,292	9%

A total of 1,279,740 individuals reportedly returned to Ninewa Governorate, meaning that the number of returnees in Ninewa Governorate has increased by 9% (107,292 individuals) this month. This increase is due to the joint validation exercise DTM and local authorities conducted in east and west Mosul to confirm returnee numbers.
