

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements as well as security and climatic emergencies. Information is collected through interviews with key informants and direct observation. This dashboard presents information on **population displacement which occurred since 12 August 2023 in the neighborhoods of Carrefour Feuilles and Savane Pistaches in the municipality of Port-au-Prince (West district).**

Origins and host locations of displaced persons

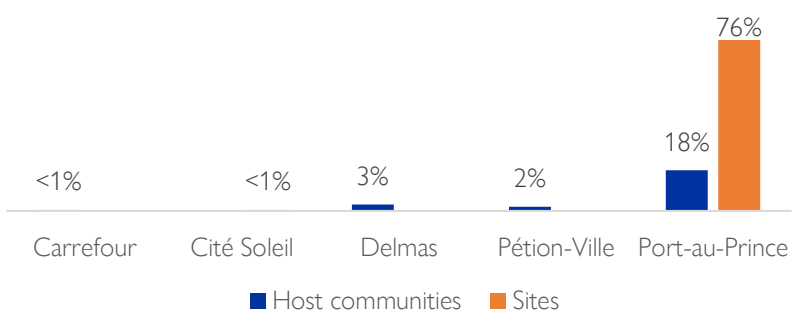

Event Summary

Armed violence that took place since 12 August 2023 in the neighborhoods of Carrefour-Feuilles and Savanes Pistaches, located in the municipality of Port-au-Prince (West district) have caused the displacement of approximately **1,020 households (4,972 individuals)**, most of whom (76%) took refuge in 13 sites and others in host communities (for more details, see the graph below and tables on pages 2 and 3).

This violence is still ongoing, and more displacement is expected. DGPC and IOM are closely monitoring the situation in order to continuously update the figures on the displaced persons.

Host locations of displaced persons

This map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.
