

# IDPs on the Solutions Pathway: IDP's Resettlement | 20 July 2023

As part of its commitment to provide lasting solutions for internally displaced persons (IDPs) who cannot return to their places of origin, the International Organization for Migration (IOM) has actively supported the resettlement of 188 displaced families in Malkohi New City located in Yola South Local Government Area (LGA) of Adamawa State. To achieve this, the IOM has facilitated the construction of 218 housing units.

To ensure the success of this resettlement project and to better understand the community's composition, the Displacement Tracking Matrix (DTM) conducted a biometric verification and registration exercise in Malkohi New City. The primary objectives of this exercise were to identify the residents of the city and to identify and profile the vulnerable individuals within the community.

As of 16 June 2023, the biometric verification and registration process have successfully registered 1,105 IDPs from 188 households in Malkohi New City. The data obtained from this exercise revealed that 17 percent of the families consist of 1-2 members, 22 percent comprise 3-4 members, 29 percent comprise 5-6 members, 17 percent comprise 7-8 members, and 16 percent comprise 9 or more members. The average family size in the location is six members.

**Total Registered**  
**1,105** individuals | **188** households
