Between 10 and 14 November 2023, attacks, and fear of attacks by Non-State Armed Groups in Macomia district (Litandacua and Novo Cabo Delgado localities) triggered 1,546 individual displacements within Macomia and Muidumbe districts. Reported families have taken shelter within resettlement sites and host communities in Changane, Nanga A, Matambalale and Napulubo bairros. Assessment teams record 237 families/920 individuals displaced within Nanga A Relocation Site in Macomia Sede and 31 families/155 individuals displaced within Matambalale site Relocation site in Muidumbe.

An estimate of 78 Internally Displaced Persons (IDPs) have been identified with vulnerabilities. An estimated 842 were children under 18 years old. Between 13-14 November, approximately 155 individuals displaced from Macomia journeyed over 100km by foot to Muidumbe Displacement Site (Centro de Mtambalale). Owing to prevailing security concerns reported by displaced families, intentions on duration of their stay in sites and host communities remains uncertain. Movements in the region continue to be dynamic between Chai posto, Macomia Sede and Muidumbe. The objective of the Emergency Tracking Tool (ETT) - Movement Alert is to collect information on large and sudden population movements, and to provide support to the humanitarian response partners by disseminating data on IDPs to support effective humanitarian response to the affected population. Information is collected through key informants interviews or direct observation. This alert provides basic information on displacements, and additional information can be shared upon request.
