

OVERVIEW

The International Organization for Migration (IOM) in Pakistan collects data on the outflows of Afghans at the Torkham, Ghulam Khan (Khyber Pakhtunkhwa), Chaman, and Badini (Balochistan) border crossing points (BCPs) to better understand the movements of Afghans returning to Afghanistan. Ghulam Khan and Badini are newly added BCPs.

Between 1 and 15 November 2023, 171,305 Afghan nationals returned to Afghanistan, including 117,319 through the Torkham BCP, 51,745 through the Chaman BCP, 2,216 through the Ghulam Khan BCP and 25 through the Badini BCP. In addition, border authorities forcibly returned 15,171 individuals due to a lack of valid documentation. Since 1 January 2023, IOM identified 401,872 returns at the four BCPs, excluding those forcibly returned.

On 26 September 2023, the Ministry of Interior in Pakistan announced its decision to enact an “Illegal Foreigners’ Repatriation Plan”. The plan comprises of mechanisms to consolidate databases of “illegal foreigners” in the country, check entry of new illegal entrants, apprehension, deportation, repatriation of illegal/overstaying foreigners.

HIGHLIGHTS

- Since the enactment of the “Repatriation Plan” on 1 November 2023, returns of Afghans remained unprecedentedly high. A comparison with the previous reporting period shows an increase of 57 per cent compared to the previous reporting period.
- Forced returns have increased drastically, from 345 forced returns during the previous reporting period to 15,171 during this reporting period.
- In terms of push factors, during the current reporting period, 97 per cent of the surveyed returnee families indicated they are moving back to Afghanistan due to fear of arrest. Twenty-two per cent also indicated communal pressure as an important push factor.
- During the reporting period, three per cent of the overall flow could be considered vulnerable persons.¹ The Displacement Tracking Matrix (DTM) registered 2,547 returnees moving back to Afghanistan who were chronically ill and require medical attention, in addition to 1,803 elderly individuals, and 513 persons with disabilities (PWD).
