

HAITI — EMERGENCY TRACKING TOOL (ETT)

Displacement following clashes due to a land conflict in the municipality of Arcahaie (West District)

Dashboard #29 Data Collection: 29 November 2023

Publication: 29 November 2023

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population displacement as well as security and climatic emergencies. Information is collected through interviews with key informants and direct observation. This dashboard presents information on population displacement which occurred following clashes in the section of Fonds Baptiste

Origins and host locations of displaced persons

This map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.

Event Summary

Around 15 November 2023, clashes that occurred in the Fonds Baptiste section (Municipality of Arcahaie), following a land conflict, caused the displacement of approximately 2,008 households made up of more than 10,000 people.

Among these people, around 7,000 took refuge with host families and 3,000 in 5 sites (Vice-delegation of Arcahaie, the Saintard community school, the Carrefour Poy center, K Fils Aimé Labarrre and the Thomas).

More detailed information, such as the number of people per site, is being collected in coordination with the Civil Protection of the municipality of Arcahaie.
