

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements as well as security and climatic emergencies. Information is collected through phone interviews with key informants and direct observation.

Origins and host locations of displaced persons

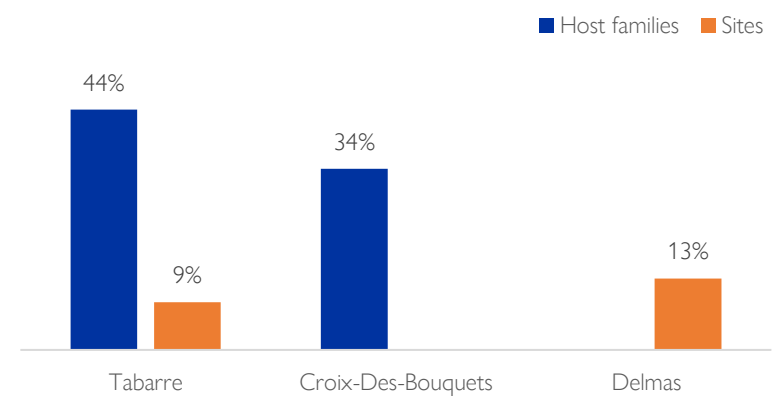

Event Summary

Since the beginning of December, armed clashes have broken out in the neighborhoods of Bon repos - Lizon, Galette - Roche Blanche, Meyer and Guedon located in the municipality of Croix-des-Bouquets.

In addition to loss of life, these attacks have also caused the displacement of approximately **567 individuals (158 households)**. Most of displaced persons (78%) took refuge in host families and 22% in two newly created sites in the municipalities of Tabarre and Delmas.

Host locations of displaced persons
(See page 2 for more details on host locations)

Methodology

	Assessment conducted in affected areas	
	Assessment conducted through phone interviews with key informants	

Limits

The information presented in this report may not represent all displacements caused by this incident. Indeed, it is possible that some displacements were not detected by key informants. In the case new displacement information caused by this incident is reported, updates can be made accordingly.

Furthermore, it is important to consider that figures are estimates and not data from a counting or registration of displaced households.
