HOUSEHOLDS
DISPLACED

The majority of displaced households are staying with family in private accommodation, however approximately 100 families were temporarily sheltered in several schools in Tripoli and Janzour. Priority needs in schools included food, NFIs, health interventions and sanitation. Delivery of humanitarian assistance commenced after reported displacement to schools and also in urban areas of Tripoli in cases where urgent humanitarian needs had been identified.

Following a ceasefire agreement reached in the evening of 04 September, the overall security situation in Tripoli has been improving although pockets of tension remain. DTM continues to monitor the situation.
