Pampanga, Apalit, San Vicente, (14.95245, 120.76032)

Site ID: **PHL_01**

Site type: **Collective**

Expected period of displacement: **More than 3 months**

Site Information

Is there a Site Management Committee at the site? Yes	3	17
Is the Site Management Committee made up of community members? Yes	Households	IDPs
Is there a Site Management Agency at the site? Yes		
Is there any registration activity? Yes		
Is there a service provider contact list? Yes		

NEEDS

First most urgent need:	Food
Second most urgent need:	Hygiene kits
Third most urgent need:	N/A

VULNERABILITIES

Number of pregnant women:	0	Number of persons with chronic diseases / serious medical conditions:	1	Number of separated children:	0
Number of breastfeeding mothers:	0	Number of child-headed households:	0	Number of orphaned children:	0
Number of persons with physical disabilities:	2	Number of unaccompanied elderly persons:	0	Number of single-female-headed households:	0
Number of persons with mental disabilities:	0	Number of unaccompanied children:	0	Number of single-male-headed households:	0

SHELTER

Percentage of households living outside:	None
Percentage of households living in tents:	None
Percentage of households living in makeshift shelters:	None
Percentage of households living indoors:	100

WASH

Location of site's main water source:	On-site (>20 minutes)
Number of functioning toilets available at the site:	1
Availability of separate male and female latrines:	No
Availability of separate male and female bathing areas:	No

FOOD

Frequency of food (or cash/vouchers) distribution:	Irregular
Availability of supplemental feeding for pregnant and	No
Availability of supplemental feeding for children:	No

HEALTH

Most prevalent health problems at the site:	None
Second most prevalent health problem at the site:	None

EDUCATION

Access to formal/informal education services for children from displaced households:	Yes
Distance to nearest education facility:	< 1 km
Percentage of the children at the site attending school:	100

PROTECTION

Security is provided at the site:	No
Security incidents are reported at the site:	No
Referral mechanism for gender-based violence (GBV) survivors:	No
Is there adequate lighting in the majority of communal points?	Yes, there is lighting and it is adequate

RETURN

What is preventing the largest IDP group from returning home?	Basic Infrastructure Damaged / Destroyed
