Ancuabe attacks | 2,842 Individuals displaced
(17 to 26 April 2024)

Within the reporting period, attacks and the fear of attacks by Non-State Armed Groups in Ancuabe led to the displacement of **2,842** individuals. The affected families have sought refuge in displacement sites and host communities in the districts of Ancuabe, and Metuge. Within displacement sites, 43 families with 148 individuals have taken refuge in Ancuabe (Natove, Cujupane and N'naua centres) and 101 families with 354 individuals have taken refuge in Metuge (Ntocota centres). A total of 523 families (representing 2,329 individuals) are displaced to host communities within neighbourhoods of Ancuabe Sede (including Ntutu and Nanao A) and Metuge (Napai, Bairro 1 de Maio, Bairro 7 de Abril, Bairro 10 Congresso). Movements within the district remain fluid.

Chiúre attacks | 16,366 Individuals displaced
(17 to 24 April 2024)

Within the reporting period, attacks and fear of attacks by Non-State Armed Groups in Chiúre led to the displacement of 16,366 individuals. The affected families have sought refuge in displacement sites and host communities of Chiúre Sede and Metuge. Within displacement sites, 3600 families with 15,682 individuals have temporarily taken refuge in open skies and school premises of Namissir, Micone neighbourhoods and Maningane resettlement site. In Metuge, 105 families with 324 individuals have taken refuge in Ntocota resettlement site. A total of 74 families (representing 360 individuals) are displaced to host communities within neighbourhoods of Chiúre Sede (including Nahavara and Namissir), Mieze (Bairro 7 de Abril e Bairro 1 de Maio), and Mecufi (Sambane). Movements within the district remain fluid.

The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, endorsement or acceptance of such boundaries by IOM.

Owing to prevailing security concerns in the region reported by displaced families, intentions on duration of their stay in current locations of displacement sites and host communities remains uncertain. The objective of the Emergency Tracking Tool (ETT) - Movement Alert is to collect information on large and sudden population movements, providing humanitarian response partners with data on IDPs to support effective humanitarian response. Information is collected through key informants' interviews or direct observation. This alert provides basic information on displacements, and additional information can be shared upon request.
