

This information was gathered following successive incidents in the commune of Ganthier, specifically in the 5th section of Pays Pouri, the 3rd section of Fond Parisien, and another attack in the 4th section of Mare Roseaux, occurring between July 21, 2024, and August 1, 2024. A total of **5,951 individuals (1,551 households)** were displaced due to these attacks. The majority of these individuals (94%) sought refuge with relatives, in host families, and 6% in two new sites. This report serves as an update to the previous one published after the events of July 21 (see [ETT 45](#)). Further updates may be released based on the evolution of the displacement situation.

### Origins and host locations of displaced persons

This map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown on maps and included in this report are not intended to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.
