

Displacement from multiple locations, Yei County Data Collection: 20 February - 03 March 2019

Approximately 14,487 internally displaced persons (IDPs) have fled to Yei (84%) and Mugwo (16%) since January 2019 at the time of reporting. IDPs have primarily fled Otego, Mykaya and Mugwo due to conflict. Most of the displaced population has resorted to travel on foot (84%) to reach site and host-community settings. The main humanitarian needs reported as insufficient were related to food, water, shelter and health.

IOM DTM employs Event Tracking as a more rapid and localized assessment tool complementing overall efforts to report on IDP and returnee figures nationally (see Mobility Tracking round 4 reports and maps on displacement.iom.int/south-sudan). IOM teams access IDP / returnee locations and consult local key informants including community representatives, local authorities or humanitarian partners and triangulate findings to provide partners with the most accurate as possible, actionable and current data.
