 Accessibility: Accessible by car  
 Community Leader: Yes  
 Registration: No  
 Who is being registered: NA

**No. IDPs: 0**

**Households: 0**

Reason for displacement: NA

Origin of largest IDP group:

NA, NA

Origin of 2<sup>nd</sup> largest IDP group:

NA, NA

**No. returnees: 610**

**Households: 122**

Reason for displacement: Conflict

Origin of largest returnee group:

Central Equatoria, Juba

## Mobility (IDPs)

Date of arrival of first IDP group: NA

Date of arrival of last IDP group: NA

Have the IDPs been displaced previously? No

Three main reasons preventing the majority of IDPs from returning:

Lack of food, House damaged/destroyed, Lack of safety

## Mobility (returnees)

Date of return of first returnee group: 2017-09-22

Date of return of last returnee group: 2018-12-10

Are there people displaced from this village / neighbourhood who have not returned yet? Yes

## Special needs

No. pregnant women: 15

No. breastfeeding mothers: 33

Total number of individuals with special needs: 201

Special needs include pregnant and breastfeeding women, separated, orphaned and unaccompanied children, persons with mental or physical disabilities, persons with chronic diseases or serious medical conditions and old people without caregivers.

## Protection

Main security provider in the village / neighbourhood: Community Leaders

## Health

Most common concern: Malaria

Main provider: Unknown

## Education

Type of facility: Formal Primary Education

Availability of learning supplies: Yes

Availability of teachers: No

Distance from main water source

**>20 min walking**

Water fit for human drinking

**Yes**

People feel safe collecting water

**Yes**

Conditions of most latrines

**Unknown  
Not reported**

Evidence of open defecation

**No**

Market access (food)

**No**

Access to health facility

**Yes**

Distance from health facility

**On-site (>3 km)**

Exclusion from health services

**None**

Access to primary education

**Yes**

Distance to nearest education facility

**1-2 km**

% children attending primary education

**<25%**

\*The share of collapsed and in danger of collapse shelters in the figure above refers to IDP/returnee shelters only.

## WASH

Connections to functioning pipelines: No

Main water purification method: None

Main water source for cooking / washing: Spring

Main water source for drinking: Spring

No. functioning boreholes: 0

Non-functioning: 0

Complaints about drinking water quality: Yes

Main problem with water: Odor/smell

Type of toilet: Open defecation

No. garbage disposal points: 0

Main garbage disposal method: Compost

Is solid waste a problem? Yes

## Shelter / NFIs

Main shelter type: Tukul

Shelter materials available in nature: Poles, Bamboo, Rope, Grass

Shelter mat. available from local market: Grass

Three most needed NFIs:

Kitchen sets, Bedding sets, Mosquito nets

## Food

Groups struggling most with food access: Host, community

Main source of food: Food assistance

Reason for lack of market access: Far from the village/neighbourhood

Connections to functioning pipelines: No

Main water purification method: Boiling

Main water source for cooking / washing: Surface water

Main water source for drinking: Lake/river

No. functioning boreholes: 0

Non-functioning: 0

Complaints about drinking water quality: Yes

Main problem with water: Insufficient amount

Type of toilet: Open defecation

No. garbage disposal points: 0

Main garbage disposal method: Burning

Is solid waste a problem? No

## Shelter / NFIs

Main shelter type: Temporary shelter (Rakooba)

Shelter materials available in nature: Poles, Rope, Grass

Shelter mat. available from local market: Poles, Rope, Grass

Three most needed NFIs:

Kitchen sets, Bedding sets, Mosquito nets

## Food

Groups struggling most with food access: IDPs, Returnees

Main source of food: Cultivation/Sale of livestock

Reason for lack of market access: Other, Specify
