

Survey Date: **2019-04-26**

 Site Location: **-19.975771 , 33.394848**

Site Information		Households	Individuals
Site ID:	MOZ_S123		
Site Classification:	Resettlement Site		
Site type:	Resettlement site		
Site Opening Date:	2019-04-09		
Expected period of displacement:	More than 3 months		
District (site Location):	Sussundenga		
Is the site safe and secure?	Yes		
Administrative Post (site location):	Sussundenga	Site Status	Open

The information included in this report was collected from 2019-04-15 to 2019-04-18. To access information on IDP population in displacements sites as of today, kindly consult IOM Displacement Movement Tracking – Daily Update [Click here](#)

NEED

First most urgent need:	Food
Second most urgent need:	Clothes
Third most urgent need:	Agricultural inputs

SHELTER

Top one NFI need not accessible to IDPs:	Shoes and clothes
Top two NFI need not accessible to IDPs:	Cooking items (pots/pans)
Top three NFI need not accessible to IDPs:	Hygiene products (for personal hygiene)

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	100%
How people get access to the market?	No access to the Market
Can people buy what they need at the market?	No
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	25%
Percentage of IDP children(6 - 12 years old) attending school:	75%
Percentage of IDP children(13 - 17 years old) attending school:	75%

RETURN

District of Origin of Largest Group of IDPs:	Sussundenga
Post of Origin of Largest Group of IDPs:	Dombe
What is preventing the largest IDP group from returning home?	No livelihood

WASH

Main source of drinking water:	Small water system
Main problem with water:	None
Is there separated latrines?	Yes
Is there separated public shower?	No
Are there hand washing stations with water and soap close to latrines/bathrooms?	Yes, but without water/soap
Have been conducted hygiene promotion campaigns?	Yes

HEALTH

Distance from the nearest health facility:	Up to 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes
Where do women give birth?	At health facility
Are most women seeing a health professional during their pregnancy?	Yes

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	No
Is there a mechanism for referral for GBV survivors?	Do not know/No answer
Is there in the site separated Latrines for males and females?	No
Is there bathing facilities in the site with functioning locks on the inside of doors?	No

Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	0%
Percentage of IDP children(6 - 12 years old) attending school:	0%
Percentage of IDP children(13 - 17 years old) attending school:	25%

RETURN

District of Origin of Largest Group of IDPs:	Dondo
Post of Origin of Largest Group of IDPs:	Mafambisse
What is preventing the largest IDP group from returning home?	House damaged/destroyed

WASH

Main source of drinking water:	Tanks
Main problem with water:	None
Is there separated latrines?	Yes
Is there separated public shower?	Yes
Are there hand washing stations with water and soap close to latrines/bathrooms?	Yes
Have been conducted hygiene promotion campaigns?	Yes

HEALTH

Distance from the nearest health facility:	Up to 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes
Where do women give birth?	At health facility
Are most women seeing a health professional during their pregnancy?	Yes

PROTECTION

Is there security provided?	No
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	No
Is there a mechanism for referral for GBV survivors?	No
Is there in the site separated Latrines for males and females?	Yes
Is there bathing facilities in the site with functioning locks on the inside of doors?	No

Survey Date: **2019-04-25**

Site Location: **-19.75888889 , 34.86305556**

Site Information		Households	Individuals
Site ID:	MOZ_S003
