NEED

First need: **Food**
Second need: **Household Items (NFI)**
Third need: **Education**

VULNERABILITIES

Pregnant women:	0	Elderly without care givers:	0	Elderly head of household:	0
Breastfeeding mothers:	0	Single female head of household:	0		
Mental/Physical disability:	0	Single male headed of household:	0		
Chronic diseases:	0	Child head of household:	0		

SHELTER

Top one NFI need not accessible to IDPs: **Shoes and clothes**
Top two NFI need not accessible to IDPs: **Items for sleeping**
Top three NFI need not accessible to IDPs: **Cooking stoves**
Percentage of Household living outdoors: **0%**
Percentage of Household living in emergency shelter: **61%**
Percentage of Household living in permanent shelter: **39%**

WASH

Main source of drinking water: **Tanks**
Main problem with water: **Long waiting time (queues)**
Number of functional latrines at site: **8**
Is there functional bathing space at site? **Yes**
Is there hand washing stations with water and soap close to latrines/bathing space? **Yes**

How clean you think the site is in terms of waste? **Clean**
Have hygiene promotion sessions been conducted? **Yes**
Do people live in areas where open defecation is frequently visible? **Yes**

FOOD

Do most people have access to functioning market **Yes**
Why people don't have access to market?
Have people received food from a distribution at site? **Yes**
When was the latest food distribution at this site? **More than 3 months**
% of household that received the recent food distribution **60%**

HEALTH

Availability of healthcare services on site: **Yes**
Number of functioning healthcare facilities: **1**
Do people have access to healthcare services: **Yes**
Time to reach the nearest health facility: **More than 60 minutes**

Availability of medicines for majority of the population: **Do not know/ No answer**
During their pregnancy, are most women seeing a health professional? **Yes**
Patients with Tuberculosis know where to go to seek treatment and care? **Unknown**

EDUCATION

Does the majority of the school age children have access to a functioning school? **Yes**
Top reason preventing most school age children from accessing education facilities: **None**
Percentage of school age children attending school: **100%**
Walking time to the nearest education facility: **More than 60 minutes**

MOBILITY

Do people want to return to their place of Origin? **No**
Main reason preventing people from returning: **House damaged/destroyed**
Expected period of displacement: **More than 3 months**
Province of Origin: **Sofala**
District of Origin: **Nhamatanda**
Post of Origin: **Nhamatanda**
Locality of Origin: **Vila De Nhamatanda**

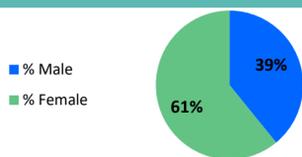

PROTECTION

Is there security provider/mechanism that ensure safety of persons at the location? **Yes**
Is there a mechanism for referral for GBV survivors? **Yes**
Is there a support mechanism for psychosocial needs of the population? **No**

NEED

First need: **Shelter**
Second need: **Food**
Third need: **Health**

VULNERABILITIES

Pregnant women:	0	Elderly without care givers:	0	Elderly head of household:	0
Breastfeeding mothers:	0	Single female head of household:	0		
Mental/Physical disability:	0	Single male headed of household:	0		
Chronic diseases:	0	Child head of household:	0		

SHELTER

Top one NFI need not accessible to IDPs: **Shoes and clothes**
Top two NFI need not accessible to IDPs: **Items for sleeping**
Top three NFI need not accessible to IDPs: **Hygiene products**
Percentage of Household living outdoors: **0%**
Percentage of Household living in emergency shelter: **95%**
Percentage of Household living in permanent shelter: **5%**

WASH

Main source of drinking water: **Small water system**
Main problem with water: **None**
Number of functional latrines at site: **100**
Is there functional bathing space at site? **Yes**
Is there hand washing stations with water and soap close to latrines/bathing space? **Yes, but without water**
How clean you think the site is in terms of waste? **Clean**
Have hygiene promotion sessions been conducted? **Yes**
Do people live in areas where open defecation is frequently visible? **No**

FOOD

Do most people have access to functioning market **No**
Why people don't have access to market? **Market is not functioning**
Have people received food from a distribution at site? **Yes**
When was the latest food distribution at this site? **More than 3 months**
% of household that received the recent food distribution **39%**

HEALTH

Availability of healthcare services on site: **No**
Number of functioning healthcare facilities: **None**
Do people have access to healthcare services: **None**
Time to reach the nearest health facility: **None**
Availability of medicines for majority of the population: **No**
During their pregnancy, are most women seeing a health professional? **No**
Patients with Tuberculosis know where to go to seek treatment and care? **No**

EDUCATION

Does the majority of the school age children have access to a functioning school? **No**
Top reason preventing most school age children from accessing education facilities: **FALSE**
Percentage of school age children attending school: **None**
Walking time to the nearest education facility: **None**

MOBILITY

Do people want to return to their place of Origin? **No**
Main reason preventing people from returning: **House damaged/destroyed**
Expected period of displacement: **More than 3 months**
Province of Origin: **Manica**
District of Origin: **Sussundenga**
Post of Origin: **Dombe**
Locality of Origin: **Matacara**

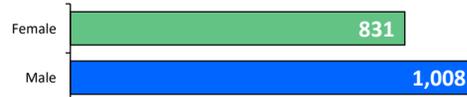

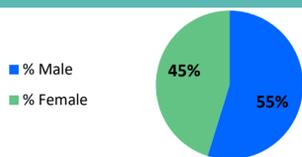

PROTECTION

Is there security provider/mechanism that ensure safety of persons at the location? **Yes**
Is there a mechanism for referral for GBV survivors? **No**
Is there a support mechanism for psychosocial needs of the population? **No**
