

The objective of the Emergency Tracking Tool (ETT) is to quickly collect information on sudden displacements of populations. Information is collected through key informant interviews and direct observation. This dashboard provides information on an event which occurred on 17 and 19 June 2019 in two villages of the Lac province.

NEW RETURN MOVEMENTS

430 Households of **919** Individuals

I. VILLAGE : Ngalamia

Returnees: 40 Households of **102** Individuals

DATE OF DISPLACEMENT

17 June 2019

SUMMARY OF EVENTS

On 17 June 2019, 40 households composed of 102 individuals left the village of Kalidoua, located on the mainland in the sous-préfecture of Bol (Mamdi Department) to return to their village of Ngalamia, located on an island of Lake Tchad. They had previously left their village for security reasons and had found shelter on the mainland in Kalidoua. Key informants indicated that these return movements were triggered by the deployment of security forces to the islands of Lake Chad and the ensuing improvement in security conditions.

REASON, TYPE AND MEAN OF DISPLACEMENT

Cause: Improvement of security conditions
