# Context

Bentiu protection of civilian site (PoC) was established in December 2013 with currently over 119,000 people seeking protection in the site. Humanitarian partners and UNMISS are working together with the community to improve the living condition in the PoC area.
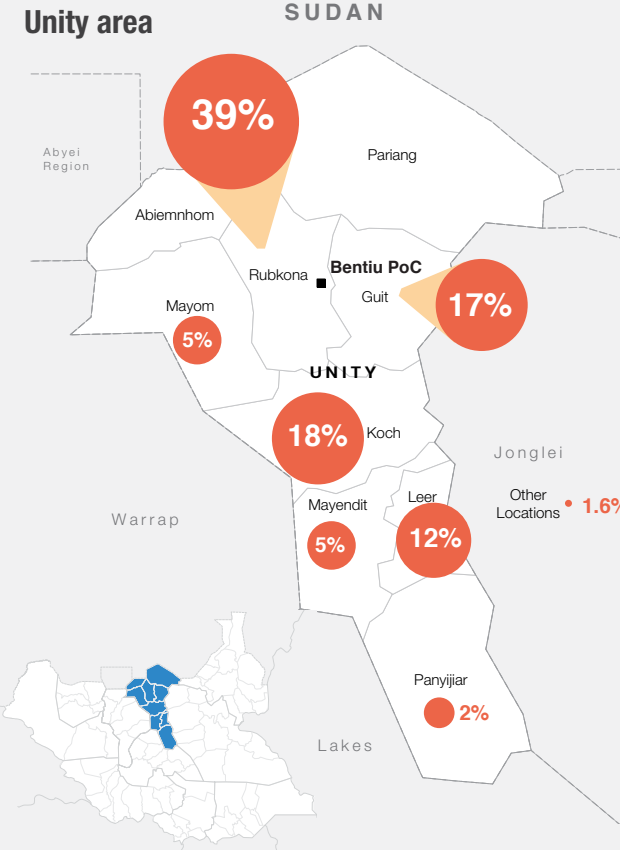

# Current priority needs

1 Registration of new arrivals
2 Verification of IDPs in the PoC
3 Increase Water provision

*Biometrically registered population: cumulative number of individuals registered biometrically in the PoC.

**Population count: estimates the number of individuals residing in the PoC by taking into account the number of people who stay overnight in each shelter during a 3 day exercise conducted twice a month.

The population count is the estimated camp population for which the standard indicators are calculated.
