

The Incident Tracker is part of IOM Libya's Displacement Tracking Matrix (DTM) programme. DTM is a suite of tools that provide a comprehensive articulation of Libya's human mobility patterns. The Incident Tracker is a weekly tool collecting and triangulating information on the whole of Libya on any incidents related to IDPs, returnees and migrants, especially in regards to large population movements updates on border closures and new routes. For more reports and datasets, please visit [www.globaldtm.org/libya](http://www.globaldtm.org/libya)
