

Date of data collection : 3 January 2020
Number of assessed locations : 1

This map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements. Information is collected through key informant interviews or direct observation. This dashboard provides information on movements which occurred on 1st January 2020 in one village of Lac Province.

SUMMARY OF EVENT

DISPLACED POPULATION : 300 Internally Displaced Persons, 50 households (estimates)

Following attacks by armed groups on 23 December 2019 close to the village of Kinassorom, which is located on an island of Lake Chad, in the département of Mamdi (sous-préfecture of Kanga-Kindjiria), security forces were deployed in this village. Consequently, a number of households moved to Kinassorom to benefit from the security forces' protection (see [ETT #34](#)). However, these security forces recently withdrew from this village. As a result, 50 households of 300 individuals from the village of Kallerom, located around Kinassorom, for fear of new attacks by armed groups left for the village of Koulfoua, located on a separate island of Lake Chad, in the sous-préfecture of Kanga-Kindjiria (in the same département of Mamdi). Security forces are present in this village on a permanent basis.

LOCATION : Koulfoua

DATE OF MOVEMENT : 1 January 2020

HOST LOCATION : Village

REASON FOR MOVEMENT: Preventive

MEANS OF TRANSPORT : Boat

AVAILABLE ASSISTANCE : None

PRIORITY NEEDS

- 1. Shelter
- 2. Food
- 3. Non-Food Items
- 4. Health
- 5. Protection
