

COVID-19 MOVEMENT RESTRICTIONS

YEMEN MOBILITY RESTRICTION DASHBOARD #26

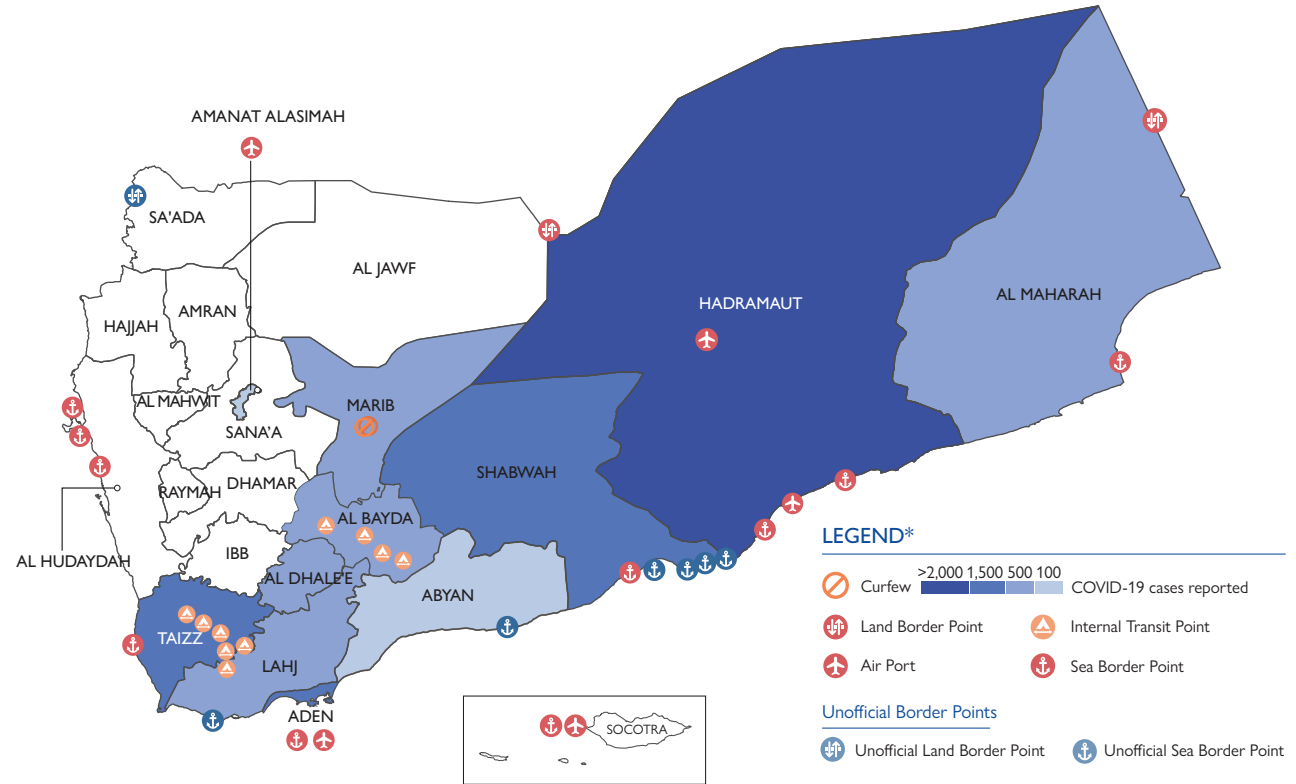

Reported Covid-19 Cases in Yemen

Source: National Center for Disease Control

6,918 Confirmed | **4,055** Recovered | **1,361** Deaths

HIGHLIGHTS (From 01 to 30 June 2021)

- 181 new cases – 41 new deaths | source: : [WHO](#)
- Updates on numbers of new cases in areas controlled by Sana'a DFA are not available.
- 3,545 Non-Yemeni migrants arrived at the southern governorates of Lahj and Hadramaut and in addition to 1,231 Yemeni returns from KSA.
- No IDP Households reported COVID-19 as the reason of displacement. So far, the total number of IDPs who have cited COVID-19 as the primary reason for displacement is 1,559 households ([see RDT Dashboard for more information](#)).
- On 30 June Minister of Public Health and Population, Dr. Qassem Buheibeh, inaugurated the second phase of the immunization campaign against coronavirus and administering the second dose of AstraZeneca vaccine to workers in the health sector, the elderly and those with chronic diseases, in 48 districts spread over 13 governorates.
- Saudi Arabia authorities at the land border point are now requesting Yemenis to provide a COVID-19 vaccination certificate to allow them to enter KSA.

Mobility Restrictions

In response to the COVID-19 pandemic, the local authorities of Yemen declared a nationwide health emergency and introduced many preventative measures similar to those adopted by the rest of the world starting in March 2020, in order to reduce the transmission of the virus. The Yemeni authorities had put additional preventive measures and health screenings for people passing through ten transit points used for public movement between southern and northern governorates, specifically at points located in Taizz and Al-Bayda. These restrictions have been loosened and the health screenings have been removed. For Yemeni returnees from KSA through Al Wadeeah border point and from Oman through Shahin border point providing a COVID-19 PCR test report is mandatory. Fifteen sea border points and three land border points are reopened for movement.

-  The movement restrictions were lifted, and the health screenings have been removed from internal transit points.
-  Al Wadeeah land border point is open, allowing Yemenis holding a negative PCR test in addition to a COVID-19 vaccination certification to enter KSA. Al Shahin land border point is partially opened; only permitting entry to Yemen from Oman subject to providing a negative PCR test. Entry to Oman however is only allowed subject to prior coordination between Omani and Yemeni Authorities, or providing a work residence in Oman, or for humanitarian cases.
-  International Airports in Sana'a, Aden, Sayun and Al Rayan reopened for international flights.
-  Authorities in the governorate of Ma'rib imposed a curfew from 09 p.m. until 04 a.m. in an attempt to combat the spread of COVID-19.

Governorate	Cases	Recovered	Deaths
Hadramaut	2,632	1,840	699
Taizz	1,433	830	221
Aden	1,155	301	62
Shabwah	509	364	108
Lahj	342	233	83
Al Maharah	256	199	49
Al Dhalee	227	95	49
Marib	174	87	25
Al Bayda	147	75	69
Abyan	42	25	10
Amanat Alasimah	4	2	2
