

The objective of the Emergency Tracking Tool (ETT) is to collect information on large and sudden population movements as well as security and climatic emergencies. Information is collected through phone interviews with key informants and direct observation. This dashboard presents information on **population displacement which occurred on 22 April 2023 in the neighborhoods of Boston, Drouillard, Soleil 1 & 2, Terre-Noire-Branchard and Bélékou in the municipality of Cité Soleil (West district), following armed clashes.**

Origins and host locations of displaced persons

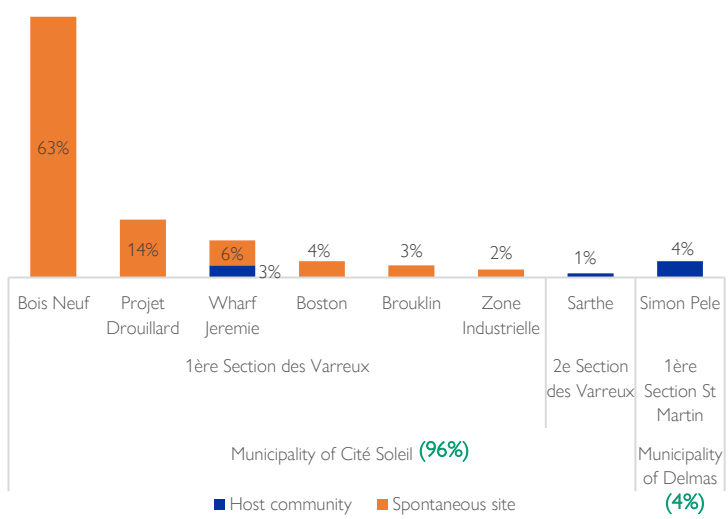

This map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.

Event Summary

Armed clashes took place on 22 April 2023 in the neighborhoods of Boston, Drouillard, Soleil 1 & 2 and Bélékou (located in the 1<sup>st</sup> municipality section of Varreux, Cité Soleil Municipality) and of Terre-Noire-Blanchard in the 2<sup>nd</sup> municipality section of Varreux (Cité Soleil Municipality). In addition to loss of life, burning and looting of houses, these clashes have also caused the displacement of approximately **1,559 individuals (318 households)** who mainly took refuge in other neighborhoods of Cité Soleil, especially in the neighborhood of Bois neuf (63%). Most of IDPs (92%) took refuge in 6 spontaneous sites in which other IDPs had already taken refuge for several months (see page 2 for more details).

Host locations of displaced persons  
 (See page 2 for more details on host locations)

Details on host locations of displaced populations

Methodology

	Assessment conducted in affected areas	
	Assessment conducted through phone interviews with key informants	

Limits

The information presented in this report may not represent all displacements caused by this incident. Indeed, it is possible that some displacements were not detected by key informants. In the case new displacement information caused by this incident is reported, updates can be made accordingly.

Furthermore, it is important to consider that figures are estimates and not data from a counting or registration of displaced households.
